

A MESSAGE FROM GOD

I HAVE A MESSAGE FROM GOD FOR ALL THE WORLD'S INHABITANTS CONCERNING IMMINENT EARTH CHANGES!

“Tell the people of EARTH that they have sucked her breast and eaten of her body for ages and ages! Tell them that many of them have become very wealthy and lifted up in self-pride at her expense, yet they have never acknowledged her as the source of their food, water, clothing, shelter, and the very essentials of life -- let alone have they given thanks for their wealth and riches. She has fed their children and blessed them also.

“Tell them that many people have freely taken of her life substances, yet at the same time they have done everything within their power to destroy her. They have taken the elements within her and used them for evil to create deadly bombs, and then by the deadly and destructive force from these evil creations, they have used them to shock, shake, and spread deadly poisons in the ground, air, and water supply from which their very own life sustenance comes!

*“I have loved you with an everlasting love and have fed you an abundance of wealth and blessings, but the more you are blessed, the more you use the blessings to curse others and my **EARTH MOTHER**. I have sent my words of warning, and promises of my continued blessings -- **and every message that ever came from me, came with a condition**: If you do what I say, you will be blessed with life and happiness. But that same message held within it the curse of death and destruction if not followed.*

*“Many of my children of EARTH whom I love **have chosen death instead of life**, although I have offered you both. This is my solemn word: **anyone -- individual or nation -- who will now turn from evil, do good, and love Life will be spared. All who do not will be destroyed.***

*“Because of man's barbaric evil and his ignorant pursuit of destructive behaviors, I will remove from my **EARTH MOTHER** those who continue in their destructive ways! She will cease to provide those of evil behavior with the means by which to destroy her. I will cause my streams and rivers to*

*overflow and destroy their crops. I will cause others to dry up, and they will have no water to drink. I will send my winds and waters to destroy their mansions, cities, and businesses. The oceans and rivers will be filled with the dead bodies of their inhabitants because of poisonous waste products of your own making. I will send EARTH-quakes to shake the very foundation of the EARTH'S axis. The tornados, tsunamis, earthquakes, floods, fires, and hurricanes that you have witnessed recently are but a hint of what is yet to come. **This too is of your own making.***

*“These will not all come at once, but each event will be more intense and destructive than the last. There will be no more warnings, because the messages that I have sent by my messengers have been ignored for many years. **Now the exact scientific law must and will exact the toll in compliance with itself!** This is my solemn word to all of mankind. No one is exempt from the Law of Equity!”*

This word from God has come through my hands. It is not a part of any religious doctrine or environmental movement's mission; rather, **it is the solemn and sacred word of the Most High God.**

None of this has anything whatsoever to do with **God's desire to punish anyone! GOD DOES NOT PUNISH ANYONE FOR ANYTHING!** The law of man's very existence, **WHICH IS A FIXED SCIENTIFIC LAW,** works! This law increases and provides life, health, and fullness of joy to those who will choose and love Life. This fixed scientific law also destroys all who oppose Life -- *but it is by their own choosing.* This law gives man what he chooses, whether life or death -- it is not because there is some deity somewhere, meting out punishment!

Mankind is a free agent. He chooses what he will, and the fixed scientific law must comply with his choice!

I seek no recognition, nor do I have any claim to fame. I claim to be nothing more than a simple and humble messenger of God.
