

## Time and Space

Every kind of “seed” has a space to fill and a length of time that it will reproduce in order to fill its space. When the Word which was the Original Seed was first spoken, the “sound” of it had a certain vibration. The space and the length of time of the vibration, and the life span that the seed would endure were encoded in the Word when it was first spoken.

Every original “Seed” has been re-revealed by the Spirit of Wisdom to a Holy Man when it was time for it to be “*spoken and sent out again*” by the same Spirit who first sent it into space and time. The length of days (duration) and the number of times a “seed” will be re-revealed and re-revived again are “encoded” within the original seed. In this manner both the earth and her children will continue to reproduce seeds and their life forms in the earth. This process continues as long as Mother Earth (her minerals) and the seeds of the spoken Word remain fertile. The rain (both natural water and Spiritual water / fire) must also continue to fall upon the earth in order that life forms can continue to grow and manifest. As long as Mother Earth is fertile, her life forms are able to continue to reproduce and replenish the earth. When the last trumpet sounded and the time for that which was spoken by “That Prophet of God” to be fulfilled has expired, there will be no more life forms produced in the earth realm, neither by the earth, nor by any other creatures. The time of the end is now at work and very near the literal end.

All forms of flesh and every other kind of life form depend upon the first two kingdoms for their very life. The first two kingdoms, the king of the minerals (the sun rays) and the king of the vegetation (the water), depend solely upon the solar realm for their existence in time and space. The sun (the light), moon (the darkness), stars (atoms) and the rain which now come by the Word (sound) and the Spirit (Life) of the Word of “That Prophet” will all continue to work together to create and give life to all earthly life forms until the end of the time and duration of the life in the Words is spent, and the Words of “That Prophet” are fulfilled.

The first measure of the light of mind of a man, and the first rising up of the King of the first heaven (the First Adam) was by the Priest (Spirit) of the Prophet Moses -- the Spirit and the Word of Moses, which was the king of the south pole (the Serpent). This was the first covenant (law; vow; or marriage) of the Word and the flesh. This marriage was by water (flesh) only, and a single breath of dry, desert air -- not by fire (Spirit).

Then came the King (kind) who was the head of the second measure of man’s light of mind, John the Baptist -- who came from the North Pole (the Polar Bear). John’s message of repentance was to prepare the way for the appearance of the second Son, Adam, and his “Spirit of Mind.” This measure of light was witnessed by the star (light) in the East, which is the abode of Christ.

After this came the Prophet Jesus, bearing witness to John’s light and proclaiming the coming of yet a “greater light.” ***The third measure of light IS OF the first two lights. The third measure of light and wisdom of man’s mind and his knowledge of law and Truth was before the first two measures of light, and it is preferred before them.*** The third measure of light (revelation) came through the Apostle Paul, who received this Wisdom and Light of Truth in the realm of the third heaven. Paul’s light came from the “third” dimension.

The fourth and last measure of the light of a man’s consciousness of mind is the fullness of the first three measures. They are all one light when the “moon” is full. The “moon” light represents the false church, Babylon the great. When there are no more children of the night for her to rule, her time will end. At her end, she is the fullness of all of the religious doctrines of all men, of all ages. SHE MUST BE BORN AGAIN!

The third light (revelation or measure) that came by the pen of the Apostle Paul was a re-reviving, a lifting up again of the first two lights. By the Spirit and the Mind of the third heavenly man, there was given a new revelation, and by it there was a re-vibrating or re-riving again of the original seeds.

By and through the Apostle Paul was given a new injection of "Life" into the bodies of the Words (churches) of the original seven Heavenly Men. These are the seven Words / Seeds of Knowledge and the seven Spirits of Wisdom of the seven Elohim. They represent the original Words that were first spoken during the first seven days, which was the first seven thousand years of the creation of form in the earth. Paul's revelation reveals "the state of the development and progress of the seven churches" (bodies) at the time of his re-reviving of the "Word."

John's fifth and his last revelation also describes the conditions and locations of each member of the body. John also bore witness to Paul's testimony of mankind's progress in his bodies in the book of John's Revelation, given to him by the Spirit of Wisdom. Paul laid the foundation of the "Cosmic house" on top of the third dimension, and John received his last revelation from that foundation or dimension of Truth and Life. ***John's revelation reveals the kind of house that should be built upon Paul's foundation.*** Paul's foundation for the fourth house was also the "roof-top" of the third house. He warned to be careful how the building process should proceed from this point forward.

"By the Spirit," Paul wrote letters of encouragement and gave instructions and correction to the "churches," to help increase and enhance their development. By the same Spirit he described the areas in each of the "bodies / churches" that needed improvement. He also gave instructions as to how to make the necessary improvements.

Afterward, John reported the conditions that still existed in each body (church), and once again admonished the "churches" to work in the areas that needed to be improved. ***John also gave instructions on the ways to make the needed improvements in order to make the necessary corrections. He said, "Let him who has an ear to hear, hear what the Spirit says." There is no other way to build the temple of God. It is built by the substance and the hearing of the Word of God in the Spirit.***

John described the areas in each body where they were weak and in need of strengthening. He also warned the builders not to take from or add to any of the building plans -- but to follow carefully the instructions that he laid down. John gave notice here that when his words were fulfilled, the house would be completed and the work would be finished. At that time all life forms that remain after the purifying process on the third dimension of consciousness would enter into the fourth dimension (house), and a new way of life would begin there, with all things being made new.

When the space in the consciousness of a man's mind that is lacking Substance and Light in the third dimension is filled, and the length of time allowed by the last and final infusion of Life in the Word that the Prophet John spoke of concerning the perfection of the earthly temple has ended, the end of the reproduction of mankind and all unclean life forms will have ended, and *prophecy will fail*. There will be no more prophecies given by which to continue to procreate life forms and to sustain those that already exist. Therefore there will be no more reviving or re-veiling (covering again with flesh) of the original Words (Seed). There will be no more reviving of any unclean earthly kinds of seeds of the past when the life span of them all culminates at the opening of all the "Books," including the opening of the "Book" of John's Revelation.

The last trumpet has already sounded and all the seeds (Words of creation) have been reverberated, reenergized, and planted (sent out) for the last time. ***Now is the time for the last harvest of all previously sown seeds to be gathered, and there will be no more reviving of the old seed (Word).*** There will NOT be

any more replenishing of the earth with its present kinds of life forms. However, not one “seed” (Word) that is now working will fail until the time has expired and the space for it to reproduce has been taken. The “space” will be filled with “something” -- either tares (error) or wheat (Truth) -- **BUT IT WILL BE FILLED.**

“Space” means the area or room in the mind of a man in which he is capable, as a man, to become conscious while in the third dimension. When he has reached his capacity as a triune man, his mind space will be enlarged and his brain matter will be changed. As the mind (space) expands and the light and consciousness of mind becomes greater, the present kind of brain matter will be changed and the rest of the molecular structure of the body will also be changed.

When the space allowed for the increase of a mortal man’s consciousness of mind is filled full and the time has expired for the reproduction of every element and every species (form / kind) of the earth, they will **ALL BUT A FEW DIE AT THE ROOT (as it was in the days of Noah)**. The few that are “saved” are two of every kind, and they will be planted or grafted in again in the Kingdom of God after 1,000 years has passed. The “seed” that are “saved” will be sanctified and made Holy while yet in this day (dimension).

No corrupt or unclean thing can enter into the Kingdom of God. Death to the third dimension’s nature is the death that every man must experience. The present type and kind of flesh matter of a man -- and his present capability or capacity to be conscious of Mind -- cannot enter into the fourth dimension, because of the change of Mind frequency and the increase in the rate of the vibration of the body.

We are now at the eleventh hour of time in prophecy when all of the writings of the Books of past Revelations are unveiled (opened) and made plain for all men of the earth to see -- to know the Truth of Life, and to understand how to live by the higher Spiritual Law. The book of Revelations was a “re-veiling” or covering again of all the other 65 books of the Holy Scriptures in ONE BOOK! John’s revelation fulfilled Paul’s words in Ephesians 1:10: *“That in the dispensation of the fulness of times he might gather together in one all things in Christ, both which are in heaven, and which are on earth; even in him.”* One who embodies or fulfills this book will be filled with the Knowledge and Wisdom of the whole 66 books -- which consist of all things in heaven (mind) and earth (body)!

The opening of the seal of this last book is the un-veiling of Jesus Christ. It is the uncovering and removing of the veils of flesh that have covered the minds and hearts and hidden the face of Truth from all mankind down through the ages. At the unveiling of “Jesus Christ,” all things in the earth (Jesus) and in Heaven (Christ) will be made known. The “body” of the Word (Jesus) is of the earth and is earthly; the mind of the Christ is heavenly and spiritual.

Jesus is one of the many Names by which the “firstborn” of the Father (Adam) has been called. His Name (his kind) is the Word (seed) of the first Elohim to thunder in the beginning. His Word created the earth and the mineral kingdom, and his Word (Name) is the Law that rules over them, then and now. Out of this first thunder (Word / Name) came the first Christ Light of Mind, which was by the Word / Name of the third Elohim (Heavenly Man). The “third” Heavenly Man was the fruit of the first. He was the body, the light, and consciousness of mind of the first two kinds (kingdoms / Elohim). The four Gospels who follow him represent the other four Heavenly Men; all four are the increase of the “third” man (Jesus) who is Christ, the “rock” -- the Ancient of Days. The third man is the “fruit” of the first man (rock / lump).

Each succeeding reverberation and each reviving of the original seed / Word (the rock -- which is the mineral kingdom upon which all life forms are held and sustained) was given from a higher plane and at a stronger vibratory rate and on a different frequency level. The last reenergizing and reviving of the Word of God was given to, and sent out again for the last time by, the Apostle John. This Word will continue until it has

reached its ultimate height in this solar system and the end of the life span and the time allowed for the development of its earthly forms has expired.

As it was in the days of Noah, when he gathered up two of every kind of seed and took them in the ark before the flood came and destroyed them all who were not protected by the walls (foundation) of the ark, in like manner every earthly, mortal kind will be destroyed at its root when the root dries up and its ability to reproduce is no more, except for those “few” who are cleansed and saved in the ark. There will be no inner or outer rain upon the earth for three and one-half years. There will be no clouds (witnesses) in the sky, and the fire (Spirit) and heat from the sun will be seven times hotter than man’s bodily temperature was when he first became a living soul. A man’s normal bodily temperature is now 98.6 degrees. Mankind is a lukewarm creature, neither hot- nor cold-blooded.

The fire of the Spirit and the increase of electrons in the magnetic field in the fourth dimension will affect the mind and consciousness of every creature. It will increase all kinds of earthly bodies’ temperatures and increase the Light and Consciousness of their minds, and it will affect the molecular structure of their bodies. The fire from the inner sun and the fire from the outer sun together will affect and cleanse or destroy every corrupt, mortal cell of every kind within the earth’s body and upon the face of the earth’s body. It will also cleanse or destroy every corrupt and creeping thing upon and inside the body of mother earth. Afterward, she will no longer bear corrupt children. Every poisonous element (mineral) in her that can kill and destroy will itself be destroyed, and only those elements that produce Life will remain in her. She will never again produce and support corrupt flesh matter.

Eight is the number of “bodies” of a whole Man, consisting of four earthly bodies and four heavenly bodies, which are Spiritual counterparts. Every kind of outer form has a Spiritual counterpart. The fire will have a two-fold purpose: one is to cleanse or destroy all corruption in the body of the physical Earth Mother, and secondly, it will do likewise in the bodies of all men and every other living creature in this solar system. The six bodies that are “within” the outer flesh body of a man, along with the magnetic body (which is “outside” of the flesh body) will all be tempered together by the fire, and thereby all eight of them will be solidified. There will be ONE NEW, whole, immortal, planetary man -- ***THE ROCK, CHRIST JESUS, IN HIS HIGHEST AND MOST EXALTED ESTATE.***

In Noah’s day, the destruction of the kinds of flesh matter of the earth was by water. The creation of these life forms was by the word, the wisdom and the mind of man, but in the “DAY OF THE LORD,” the destruction and the cleansing of all corruptible flesh matter will come by FIRE!

The last water baptism (immersing) of the flesh before the baptism in the fire comes is the baptism in the “Holy Ghost,” which is the Wisdom and Knowledge of God from Above; this is the latter rain. ***This is the immersion or baptism in the Living Waters from Above, called the “crystal sea.” This embodied Word of Truth and Life is the body of flesh that will not be burned or destroyed by the fire.*** One who embodies these Living Waters is called the man (body) of Galilee. This is the burning “bush” that burns but is not destroyed by the fire, as is recorded by Moses; he “saw” the bush burning but he did not know (“touch”) it! This is the “golden” man that is precious in the sight of God, and he is even more precious when he is proven by the fire. ***The fire is the Power of the Father of Spirit and Life that will prove the flesh of all mankind. All flesh is not the same.*** The golden man is a Galactic man; his body is made of Cosmic Matter and his Light of Mind is as bright as the Sun!

At the “time” of this writing (10-1-07) we are at the hour of time in prophecy when the fruit of all that has been spoken, all that has been written, and all things that have been re-revealed and re-revived (but not written) are fully ripe and must be harvested. **At the end of the harvest of this generation that now is, the**

**things of the earth as we have known them will have passed away and *the ways of carnal, sensual man will be finished.***

There are several things that are ending, all at the same place and time. These include the end of sowing, watering, and reaping, which means the end of prophecy (seed), revelation (time), and getting understanding (harvest) as a man. The end of “sin,” which is the work and the development of the mortal “senses” and the spirit (carnal mind) by which they work, is also now at hand. When we use the word “hand” we mean that all parts of the “Word” are *at work*, and by this we mean that Knowledge, Wisdom, and Understanding are all working together to bring this dispensation of time to its end. Until now, the work of the churches (bodies) has been by Knowledge and Wisdom only, without Understanding. The end of filling of space (the mind of mankind) with either the Substance of Truth or the knowledge of error, and the end of the “time” provided -- as man measures it -- to build the temple of God, are now at hand (at work). The temple of God is the “body” of a man.

The temple of the Most High God (New Jerusalem -- the City of God) is made of Cosmic Matter. All other kinds of flesh matter in the body will either be destroyed or purified. The flesh matter that is not destroyed by the fire will be changed and made incorrupt and immortal. The new heavenly body is created by Cosmic Mind using cosmic matter as the substance of its form. After it is fully formed it is quickened and made “firm” (solid) by the fire of Spirit and the work of intelligent Life forms (heavenly atoms), and by the fire of the Living Water (body) of the Word of Eternal Truth.

There is still more room (space) in the Father’s House that needs to be filled with Spirit, Life, Light, and Substance of Truth, but the time to do it is exceedingly “short,” and for most, the way is not known. He who sows little, fills little “space,” but he who sows bountifully will fill all of his space (his mind and his body) with Truth and Light, and have Life to give to those who have little. ***The cup that “runs over” is for the work of “Charity,” without which a man is nothing more than a lazy, selfish, and unprofitable servant! The man (kind) who has nothing more than he needs for his own use, will have nothing to give -- and his time to “reign” (remain in the body) will be short.***

I, Lillie, have been chosen, proven “in the fire,” and elected to “open” and make plain the “BOOK OF THE REVELATIONS,” which contains all the revelations (the Knowledge and the Wisdom) of the other “65 books” which are written in the Holy Scriptures. The opening of this Book is not to re-energize and re-veil the Words that are written in it which were given by the inspiration of the Spirit of Wisdom, and send them out again, ***but rather to manifest the kind of fruit that all the Words (Seeds) of all the Prophets of old have produced, in bodily forms.***

The Ministers of God whose words are “*flames of fire*” are now preparing to go forth and “*speak the fire of Truth*” that will “*prove*” the flesh of all men. This is the time for the words of all men to be proved and made manifest by the fire. A “*tree*” is known by her fruit, and all that is covered (veiled) will be made bare.

First the tares -- the fruit of the false prophets -- must be un-veiled. These kinds of works must be uncovered and exposed ***by*** the heat of the fire (Father) and ***to*** the Light of Truth. He whose works are of wood, hay, or stubble will suffer loss.

The works of “wood” are the works of the olive (live branch). This work is by the spirit and life of the sole (solar) man, which is the life and breathe of the soul. This spirit is called the “Holy Ghost.” A ghost has a form, but no substance of flesh and bones. This spirit is the “*peace*” and knowledge that the world gives, and by it the worldly sanctuary is built.

The works that are of “hay” are the works of the horse, the prophet, which means a “*stable man.*” But the life in the word of a stable man is short-lived without the blood (Spirit) of the Apostle (the woman / Wisdom).

The works of “stubble” are the works that are the dead stalks of corn, which is the source of the bread from last year’s harvest. This bread was the food and the life of the swine, and this flesh will be destroyed by the fire of the Spirit.

The loss of these earthly kinds of works can be counted for nothing more than “*dung*” (fertilizer) for the root of the Tree of Life. The loss for this man whose works will be burned will be *the knowledge and the consciousness of that knowledge* which he had stored up in his mind as a mortal man. He will literally lose his consciousness of Mind as a mortal man ***in the measure that his knowledge is corrupt, or carnal -- earthly, and of a mortal mind.*** Paul wrote that he counted all that he lost for the cause of Christ as “dung.” He also said, “...forgetting the things of the past and looking to those things that are ahead.” In other words, “do” what the Scriptures say in Hebrews 6:1-2: “*Therefore leaving the principles of the doctrine of Christ, let us go on unto perfection; not laying again the foundation of repentance from dead works, and of faith toward God, Of the doctrine of baptisms, and of laying on of hands, and of resurrection of the dead, and of eternal judgment.*”

To say it another way, if a man only knows and has the knowledge and the wisdom of a man which he has learned by and through the works of his five senses (his flesh), after the fire falls upon his person he will have no more consciousness of the moral law. He will be a law-less “beast.” If a man has no Light of Mind and Consciousness of Truth in him, the light that he “seems” to have will be taken from him and he will be “cast” into outer darkness. “Cast into outer darkness” means that he will have no self-awareness, no sense of morality, and he will have a reprobate mind. (Please read Romans 1:16-32, noting verses 25-28; and all of chapter 2 of Romans.) He will only have knowledge of, and mind as, a beast -- he will be an animal-man that is under no law or moral judgment. His bodily form and his persona (personality) will regress and devolve; it will be re-cast, re-formed, and re-made into another kind of form. His bodily form will never again be “cast” in the form of a corrupt mortal man’s body.

The fire will destroy or cleanse everything in the earth and upon the face of the earth that is corrupt. All who will consider these Words of Truth and take the necessary action in their lives, in order that they may be able to withstand and survive the “fire” that has already begun to fall upon the earth, will not be a “cast-away.” If there is any doubt that the “fire” has already begun to fall, watch the daily evening news and observe the law-less-ness and the lewd, mindless behaviors of the people. Observe the immorality in the religious circles and watch as all manner of immoral acts become more “normal” and their practices more openly displayed.

Those who are in the “religious” circle truly are the “moral / mortal” majority. ***This is the abomination that makes desolate as it is now beginning to stand in the Holy Place. “The Jerusalem that now is”***-- is the Holy Place where these things before-mentioned (the carnal works of a man -- wood, hay, and stubble) will continue to manifest more openly, and the world (temple) will experience a period of time like never before. One who is not spiritually prepared will not be able to endure the enormous pain and the pressure upon his mental and emotional bodies, and upon his nervous system, that the increase of the energy in the electro-magnetic field will bring, and is now manifesting. The intensity of the fire in the magnetic field will continue to increase until all mortal flesh and all corruptible things are cleansed, sanctified, or destroyed. Global warming is already at an alarming pace -- ***BUT IT IS NOT OF MAN!*** The flesh of a man’s mortal body will be scorched by the fire, and it will be full of sores and boils and will rot and dissolve as a melting ice cube. This is the destruction of the bi-polar man.

***THE BOOK IS NOW OPEN!***

***I, Lillie, KNOW that the BOOK is open because I AM the ONE who opened it. Skepticism and unbelief will NOT change this Truth -- it is true and it is done!***
