

Mind

All that the Father has is Mind. All that I have is Mind, and I and the Father are ONE – MIND.

All that I am is Mind. All that Mind has is yours and mine.

Cosmic Mind is “*pure mind*” and in *Her* dwells all the fullness of Life and Peace.

Father, Spirit, and Mind are Cosmic in nature. Cosmic Mind is the Consciousness of Mind that governs the “God-Kind” of Life forms.

Ye are Christ; Christ is Mind; Christ is Light; Light is Mind. Christ is God; God is Light and God is Spirit.

Colossians. 3:3 says, “***Your life is hid with Christ in God.***” Philippians 2:5-6 says, “***Let this mind be in you which was also in Christ Jesus: Who, being in the form of God, thought it not robbery to be equal with God.***” One who will “***let there be light***” will find the treasure that is “hid” in God. A man’s life is his hidden treasure which is in his Mind and in his God. The God Mind (Cosmic Mind) belongs only to the God-Kind.

A man’s thoughts are as he is. One thinks with his mind. As a man thinks in his mind, so is he in his heart and in his mind. A man’s mind is his home -- and the furnishings in his home are his ideas, his thoughts, his images, and his visions. These are generated and kept alive by his feelings of desire and his love for his realities.

Colossians 3:11 tells us, “*Christ is all and in all.*” Since Christ is Mind, Mind is Spirit, and Christ is all there is -- and since all there is, is in Christ -- then ***all things*** whatsoever you have and “***hold onto***” in your Mind are the sum total of your possessions, regardless of their quantity or kind. Because “Christ” is all and “Christ” is in all -- and Christ is Light, Life, Spirit, and Mind -- then there can be nothing but that which is all and in all! We can define all of the above attributes that, in part, describe “Christ” in one word: ***Christ is Consciousness.***

The Father of all things is Fire. Fire is anti-matter, and it is the *cause* and the source or genesis of all *effects*. Father (Fire) is Spirit, and in Spirit is all Life. The cause of a thing is never detached from the effect.

Conscious, intelligent, living Truth expresses itself in the Light of one's Mind. In the Light of one's Mind there is active, living, creative Substance. Tiny Life forms, which are atoms, move and work in the Light and consciousness of one's Conscious Mind.

Mind is Intelligent Energy Matter. Conscious, intelligent Energy, working through Mind Matter as Light, produces the effect of Consciousness.

When one realizes that he is conscious, he will also come to know "himself" as the thing he is conscious of, whatever it may be. A man who is conscious of death -- is dead. A man who is conscious of Life -- is alive. This is why we must *think and be conscious of only* "the good things." Philippians 4:8 says, "*Finally, brethren, whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things.*"

When a man has reached the place in his mind where there are no more thoughts of negative or evil things, he will have reached the state of mind where there is only fullness of Light and Life. He will "*see*" all things as they are when there is no more darkness in his mind. ***Let there be Light, and darkness will be not.*** Think on things pertaining to Life and Godliness, and all thoughts and belief in death will vanish away. ***When one comes to God (the Light of Truth) he will "see" the God (Spirit) Kind of form IN every outer kind of form.***

Enlightened Mind is the workshop of Spirit. As thunder is the voice of lightning, a man's voice is the voice of Spirit when he becomes conscious of his Mind as being Consciousness. The voice of thunder is silent until after the lightning touches the clouds and gives it audible sound! The voice of Truth is likewise silent until the "Spirit of the Father," which is Fire and Life, touches the "*Mind Matter*" (the water of the word) and gives it light and sound and conscious awareness of themselves (light and sound).

The sound follows light, and light follows the movement of Life; and the rain follows all three of these, which are one. Light and sound are the effects of the vibrations of the activity of the Life force, and

together they produce the invisible Spiritual Substance of Life, which is Cosmic Mind Matter -- from which all things are created.

The vibration which manifests the light and voice of Spirit is the movement of the Life Force within the Fire of Life called “anti-matter.” The Fire of Life is anti-matter, and it is also called the “Spirit of anti-Christ.” Light and Consciousness in Mind Matter (“Water”) and the movement of Spirit / anti-matter (“Fire”) co-operate. The activity of Life in the Mind is the co-operation of Fire and Water. In other words, they are co-workers together and they are equal. The movement and activity of living Truth Substance (which is pure, Living Energy), working in the Light and consciousness of pure Mind Matter, work together *as one*, and *they are one*. There are many ways in which the “ONE” Spirit works and operates with many and various “parts” of itself.

The life and existence of everything is “MIND AND FIRE.” Mind is matter and Fire is anti-matter. The measure of *Fire* and *Light* of Mind that one contains in his vessel (form) is the measure of his lifespan. When one reaches the state when his mind is full of Light and his body is full of Fire, he will then be full of the Substance of Life. Therefore his life in bodily form will no longer be measured. Here one receives the Spirit (Fire) and the Consciousness of Life (Light of Mind) without measure. Mind Matter (the “water of the word”) is called “Christ;” and the Fire in the Mind of Christ is called “anti-matter” -- it is anti-Christ. Fire is anti-water because fire and water are opposing forces.

The voice of silence and the vibration and activity of the Life force, working with invisible Substance of Light, together produce soundness of mind, right thoughts, and a distinct sound or voice of Truth Substance. This is the way of the creative process.

Intelligent Cosmic Mind Matter is the place where all Life forms begin. It is the Substance of all Life and all Life forms have descended from this one source. It is called “Consciousness.” It is also called the Christ of God. “God” is one of the many names that have been assigned to Spirit. God is Spirit and Spirit is conscious. Conscious Intelligent Spiritual Mind Matter is Consciousness; Intelligent Consciousness is Spirit and it is Mind. It is everywhere present; it is in all things; and all things live, move, and have being in it. Consciousness is the “glue” that holds all Life forms together, and every form of Life is conscious on the plane that it has being and exists on -- there are NO exceptions.

The name “Heavenly Father” is given to the “Spirit” of Intelligent, Conscious Mind. Spirit is the Intelligent Life force in Cosmic Mind Matter, and it works through an individualized mind as Consciousness. The Father of Spirits is the Fire of Life and it is the “*electrons*” in the body of an atom.

The Life force (Spirit) within an individualized enlightened, intelligent, and Conscious Mind is animated or activated by the *vibration of the God and Father (Matter and Fire) in the intelligent Voice (or sound) of Spirit*. The Voice of Spirit is called the Word or Son of God, and he speaks with clear, intelligent, sound doctrine and with distinct purpose. *The Spirit and the Fire and the love for Life within the Light of one’s Mind are moved or activated by words that are spoken with Conscious, Intelligent Knowledge as Truth*. This activity of creation is called “*moving heaven and earth.*”

When Life (the female aspect of Spirit) within Intelligent Conscious Mind hears the silent voice of Spirit (her husband, the Father / Fire within her), she is moved by what she hears by the vibration of the force in the Father’s voice (the Fire). She, who hears, is the heart wherein burns an eternal flame of Fire. Her love of Truth and her desire to “live” in a form made of Truth substance is her eternal quest. She only hears the voice of her Lover, for it is by and through him that she can conceive and bear a son (a form). *It is her own voice that she hears because she and the Father are “one voice.”*

God is Life and God is Love; God is Spirit and God is Truth. These are four different attributes of the ONE God who is a consuming Fire. *God-the-Life is God-the-Father’s wife! The Father is Spirit, Spirit is Fire, and in the Fire is Life (the Mother)*. The Consciousness and Light of Mind Matter are Spirit and are Life. These three -- Light, Spirit, and Life -- are ONE eternal flame of glorious Fire expressing in and through “*Mind Matter.*” Cosmic Mind Matter is the “mother” of all Life. She is in the Fire (Father) and the Fire is in her; in her dwells all the fullness of Life (Fire).

When the Life force moves in the spirit of one’s mind, light (lightning) and sound (thunder) are created and manifested as Intelligent Knowledge. The silent voice of one’s Intelligent Conscious Mind speaks without giving an “outer” sound; this is called divine revelation. The silent voice of Truth moves upon Mind Matter wherein Life is, and Life leaps into action as a pulse in the heart. This movement of Life within the heart and the mind creates Light in the mind and Peace in the heart. After the manifestation of the Light of Life and Peace of Mind comes, then the voice of Truth is clearly heard. The Light of Mind is revelation that must come first; afterward the peaceable voice of Truth with Understanding will come.

The Light of Mind and the revelation of Truth is the Christ that must precede the coming of the Father (Fire).

When that which is both *seen* and *heard* is spoken with an intelligent, audible voice, the thing that is said will *happen*. It will be *manifested* according to the “will and the way” of the Father (Fire), which is the “*Spirit*” and the “*Life*” of the “*Mind Matter*” (mother).

I am sure we have all heard this question asked: “What came first, the chicken or the egg?” The answer to this question is simple. Were there no egg, there would be no chicken; but then if there were no image or vision of Mind and Spirit (Fire) and Life of a chicken -- there would be no egg. The “egg” is a seed with a vision, and this seed is the Word or voice of Wisdom, by which all things come into form. The “egg” is a Word that is called the Pearl of Wisdom; it is the thing that holds the form that it sees in Cosmic Mind.

As it is with Fire and Life, so it is with Light of Mind and a form (or image) of Truth. First you “see” the lightning flash and afterward you “hear” the thunder “roar.” First there has to be the movement (touch) of Life, and then the “light” is seen and afterward the voice of Truth is heard. Every form of Truth and Life is held within the Light of Mind. The Life force is activated when it hears the voice of Authority (the Father).

There are multitudes and myriads of Light Workers and Ministering Spirits always present and ready to manifest Life forms, but they all must hear the voice of the Father, which is the voice of Authority, before there is any activity or touch of Life. In the “will” (the voice of the Father who is Spirit), there is Light, and in the Light of the Mind of Spirit is all Life. The Fire of Spirit (Father) and the Life of Truth (Son) both work together in Consciousness and in the Light of Mind (Mother). Just as hearing, seeing, and touching work together in one body, these three also work together and they are ONE.

Intelligent Life Energy is activated by a God “idea.” The nature of a God idea is divine Spirit and Truth. Every God idea will become a real “thought,” and every real thought is a God-seed and it will manifest a real form. The silent voice of the thought (vibration) is the power that moves the Life force. This is similar to the way a radio sound wave works on invisible Light waves. The movement of the Life force works with the voice of silence in order to broadcast an audible voice of sound. A radio frequency is an invisible Light wave. So also is an idea, which is the source and cause of a thought in the Mind of Spirit; it is a fiery dart -- a living Light wave.

Individualized Mind is conscious on the plane and the frequency that it is “tuned” into. The speed or rate of the vibration of the Life force in the thought depends upon the quality and the kind of form the thought holds. Let the Mind wherein Truth is alive “BE” in you and you will “*think*” only thoughts of the highest quality, and your demonstrations will be as your thoughts are. *As a man “thinks,” so is he!*
