

OUR BODY AND IMMORTALITY

Question: 1 Corinthians 15:49-54 tells us that corruption must put on incorruption, and mortality must put on immortality. Does this mean that this happens while we are still living on earth in our body?

Answer: You asked about the transformation of our physical bodies. Yes, it is a literal metamorphic experience that we must go through if we will be able to make our mortal body immortal, and our corrupt mind, incorrupt. Our Spirit -- *which we are* -- is already immortal, so our physical body is the only part of “what we are” that is mortal, along with our carnal mind, which is corrupt. During the process of developing and perfecting our earthly bodily form, our mind also expands its Light and consciousness of Life. In this manner we will become conscious of the True Self and of our being. As it is said, “***Oh man, know thyself!***”

As we grow and increase in Knowledge and Wisdom of Truth, we expand our consciousness and Light of mind. In this manner we will understand more and more the way that the Law of Spirit and Life works, and we will give less and less attention to the earthly / mortal way of life in the third dimension where we presently exist and have our physical being.

As one’s consciousness of Truth concerning the Law of Spirit and Life increases, his Light of mind expands, and as this process continues the vibrational rate of his physical body will be raised. During this time of change, one will receive spiritual revelation from the higher planes of life and existence. All of these things work together in order to produce a spiritual and physical metamorphic change in the mind and the body.

The molecular structure of your bodily flesh will be changed by the Spirit and Life working in you ***through the Knowledge and Wisdom of God***. The work is done according to the measure ***of the living spiritual Substance of the Knowledge and Wisdom of God***. This Substance is called Faith. The molecular structure of the human kind of flesh and the DNA of a man will be changed by this spiritual creative process. It is a work of Spirit working ***through the Knowledge of God in you that forms and creates a new body within you***, and your consciousness and Light of mind will also expand -- all at the same time. (See Ephesians 1:13-23 and Ephesians 3:16-21.) This is the only way one’s earthly body can be glorified and his mind be fully enlightened.

The Spirit can only work to bring forth Substance out of the seeds of the Knowledge of Truth that you provide it with. This is why we absolutely **MUST** feast and meditate upon the Word of Truth continually -- for it is in this manner that we are able to cleanse our blood, purify our heart, renew our mind, and transform our mortal flesh body, that we might obtain eternal Life while yet in the body! It is impossible to do this unless we keep our mind fixed upon ***the Word of God within us***, and we do this by continually meditating upon the words of Truth and Life that we “hide” in our heart. In this manner we are sanctified and we renew our mind, and thereby we “***put off***” the carnal nature of a man and we “***put on***” the divine Nature of God.

When we allow things, people, or circumstances to get our attention and draw us away from achieving the purpose for our being here in a physical body, we are **wasting our time and our Life force** -- *because where our attention goes, our energy (Life force) flows*. When we focus the eyes of our mind and our desire and love for Truth and Life **inward**, we expand our consciousness of Life and our Light of mind until we are filled with all the fullness of the Substance of Life, Light, Spirit, and Truth.

On our web site there is much information concerning this subject. Two messages in particular that I recommend are: ***That Ye Might Be Filled with All the Fullness of God*** (see Ephesians 3:19) and ***Do I Limit God's Power Working In Me?*** (see Ephesians 1:17-23 and 2 Peter 1:1-11). You will receive much Light from both of these messages. The more you read and reread them and meditate upon the words of Truth, the more Light of mind you will experience and the more Light of Truth you have working in you; the greater will be the "measure" of your Substance of Truth, which is your Life. As you continue in this way, you will reach the state when the body of Christ in you will be fully formed, and you will be filled with all the fullness of the creative Substance of Spirit, Light, Life, and Truth. ***You will then have an all-new, immortal body -- therefore you will not see death to your body!***

This is only possible to the one who will first believe and accept the ***truth of eternal Life in the body*** and then get about the business of "making it happen." I must tell you that accomplishing this is entirely dependent upon each individual's desire and love for Truth, and his ***willingness to diligently search it out from within himself at the expense of all else and all others***. There is no other way to achieve this exceedingly great and excellent way of life.

One who reaches this "high" place is not limited in any way, on any dimension of existence. ***He is master of all and servant of none***, but at the same time, he is the servant and caretaker of all Life forms in the earth and beyond.

The Kingdom of God is within you. This means that the "seed" that holds the God "Kind" of Life and Nature is already within you, "hidden" from your sight. Seek first this seed -- this "Knowledge of Truth" -- and as this seed of Knowledge grows and increases you will receive the Wisdom of God from above by divine Revelation. The Christ body grows out of this seed of Knowledge and the Light of mind is expanded by the Spirit of Wisdom. Unless one is willing to "forsake all" -- and I do mean ***all*** -- in order to pursue his Life, he will NOT be sufficiently disciplined in his ways to achieve his goal. Nothing less than "all" is acceptable.

The "one" part or one percent that one is unwilling to surrender is the 100% that he will lose out on. This does not mean, "I am almost persuaded." No, this means: "I will crucify my fleshly, carnal, and mortal nature until I am dead to this world and everything it has to offer -- that I may know my true Self and that I may truly live!"

My dear children, I do greatly desire that you KNOW (by first-hand experience) the things that I have shared with you here. ***If your desire to KNOW for yourself is equal to my desire for you to KNOW...YOU WILL!***

Be blessed forever more.
