

The Number of a Man

There has been much speculation concerning what “the number of a man” is, and what this number means. Those who understand John’s last Revelation will embody its message and will understand “the number of a man.”

Revelation 13:18 says, “Here is wisdom. Let him that hath understanding count the number of the beast: for it is *the number of a man*; and his number is Six hundred threescore and six.” Ephesians 4:13 reads, “Till we all come in the unity of the faith, and of the knowledge of the Son of God, unto a perfect man, *unto the measure of the stature of the fulness of Christ*.” Romans 11:33 says, “O the depth of the riches both of the wisdom and knowledge of God! how unsearchable are his judgments, and his ways past finding out!”

A “perfect man” is a complete and whole man who has reached the pinnacle of his earthly development. But we must understand that God is *not* a man -- *not even a “perfect” man*. A fully-developed man has perfected his five mortal senses and his sense faculty of reason and logic. Reason and logic are one faculty with two aspects. It is the a sixth sense, or measure, which evolves out of the other five senses as a man grows and increases in the Knowledge of Truth.

A man’s mortal senses are called “earthly men.” The sixth sense of a man (his faculty of reason / logic) is called “the inner man of the heart.” This man (sense) *hears with his heart* and not his head only. The other five senses are called the senses of touching, tasting, smelling, seeing, and hearing.

The “heart ear” is called by many names during the times of his development. Two of these names are *the Buddha* and *the Intuition*. He is the last part of earthly man to be developed and perfected. The *Buddha* stage of development is the *budding* of the flower of the “hearing ear.” The new man of the heart is the ear that hears the inner voice of Spirit only. The inner man’s aspect of reason is the stem, and the logic aspect of this man is the bud that is called the Buddha. The Buddha is the forerunner of the Christ, who is the fruit of the flower.

Christ is the Light and the Life of the Word (Seed); the Seed is the Logos (the maturing, developing logic). The flower is the open “bud” which is called the Lotus, or the Lilie. In the fully formed and fully ripe fruit of the flower (the Lotus), the Logos will be found. The Logos is called the Seed that is the Eternal Word / Son of Promise. The Logos is the pure, eternal Word of Spirit, and in it is the “mirror” (the light or “eye” of God) which reflects the image or likeness of the form that the Logos (Seed) holds within it. ***Christ is the eye of Truth, which is the Light that is in the Logos (image). He is the Logos in the Lotus -- the man that is in the woman.*** He is the first seed that holds within him the Lotus (flower), which holds his fruit in her. The last fruit is an immortal body of eternal substance and Life.

When this “sense,” the inner man of the heart, the Buddha, is fully developed, it is the mind and the eye of God that sees and knows what the Father does, and the ear that hears what the Father says. These two are one “sense,” or one perfect part -- but are not yet a “whole” man. A “whole and complete man” (body) has four perfect bodies. The Seeing Eye and the Hearing Ear are two halves of one whole body part, and each of the other five senses also has a spiritual counterpart.

All together, there are twelve parts which make six perfect men when they are all fully developed. These six perfect men, combined, make one whole, complete man. A fully developed, whole, and complete man has six senses, which are six different kinds of bodies (“men”) in *one* body. This fully developed man has embodied and fulfilled the sixty-six (66) books of the written Word (the Law). He is a composition book comprised of many elements. He is a Holy Man and all of his works are done by the Inner Knowledge (Power). All of his

words of Knowledge and words of Wisdom are *Living Bodies of Truth*. They are Holy Children and they are spiritual Light Workers. They are called the holy angels of Light (God).

A “whole man” is filled with all the fullness of God (Wisdom) and is perfect and complete. ***He cannot be “deceived” because he is not only a “hearing ear,” but he “is” the things that he hears, in bodily form. He is the ear that hears and he is the eye that sees all “things” as good, and he knows himself to be all that he hears and all that he sees.***

Once a thing (a seed of Truth) has been “conceived” ***and brought to the full birth, it cannot be de-ceived (cut out)***. The eye of Truth no longer sees (looks) through a “glass eye,” ***but she sees all things as they are.*** Once the “glass” (wherein is the image) is shattered, there is no more double-vision (being double minded).

The “seeing eye” is the “mind” of the ear that hears what the Spirit says. The ear of Truth, when it is fully developed, cannot hear anything or any voice except his own -- ***he is the Voice and the Light of all.*** He is a quickening Spirit when he is of full age and he is the fully formed Son of God. ***He is the last man Adam, the fully formed and living Logos.*** It is he who quickens and converts the other five senses, which are four men (male) and one woman (female), and by the Spirit of Wisdom they are transformed into divine Nature.

All four of these men (fingers) took the same woman (thumb) as a wife, a help-mate. A man’s hand, his four fingers, and one thumb are represented here as a man’s six senses, one of which is a wo-man. The thumb is the woman that “becomes” the eye that sees the Kingdom of God. The four fingers are the men who work to build the kingdom, and the whole hand together is the sixth sense! The “whole hand” is *the full house*; the “thumb” is the man’s helper; and the four fingers are their sons. It takes six whole parts to make **ONE** “man’s hand”!

A hand (book) that is “open” holds both heaven and earth in it, but the “closed” hand (book) holds nothing in it; it is all alone in itself. When a man’s hands are “loosed” he will work “the work of God” in the earth below and in the heaven above. When the “book” is opened, the man’s name (kind) that is written in it will be remembered and he will no longer be bound up in the prison of his word (name). Both his hands and his feet will be loosed and **he will be free!**

The four men (seed) and one woman (egg) are the earthly senses which represent the works of man by the arm of flesh. Each of the four men and the one woman has a spiritual counterpart. The men and their wives are two parts of **one** body, or two halves of one whole part. In the body of a whole / complete planetary man there are six fully developed senses and six counterparts. There are six invisible bodies and six visible bodies -- ***each one with both male and female attributes when they become one “whole.”***

Each of the six senses, the spirits and their bodies, have a different nature and a different personality. Each of them has a different function in the body. When all of them are fully developed and perfected so that they fit together perfectly, they will all be joined together by the **ONE** Spirit and solidified. ***They will then be ONE whole, new man, having had in the past twelve half-bodies.*** But when they are joined together, there are six bodies, all having both male and female attributes. First, the twelve “parts” are joined together (married), each with his own kind. When this work is finished, the “six” will then be joined together, making ONE complete, whole man.

This “perfect, whole, and complete planetary man” has a Spiritual counterpart. When *these* two are joined together, what was six is now ONE whole, complete bodily form. His number is seven and he is equal to and works with *his* counterpart, which is God. These two are ONE; and his number is now eight.

An automobile has many “body” parts, none of which in itself is capable of serving its owner or its passengers sufficiently. But when all of the parts are assembled together it can perform and serve its owner as the owner desires -- anywhere, any time, and in any manner desired.

Our flesh body is the earthly vehicle that we travel in -- but it can do so only in the field of gravity. Our immortal body will be able to travel throughout the Cosmos without restriction, including traveling in the field of gravity with no difficulty. Our earthly body is to be used in all of our heavenly endeavors forever, once it has been joined with our heavenly bodies and they are all solidified together and are ONE immortal body.

Each of the six senses, at its beginning, was the start of a new race of people. Each of them, in the beginning, was a Seed, a Logos (the Mother / Mind and the Father / Spirit) of a new bloodline. [We understand that the man (Word) and the woman (Mind) and the Father (Spirit) were ONE before they were divided.] The Logos is the “Word” that was in the beginning with “God” -- and the Word was God. (See John 1:1.) We also understand that there is a bodily form shut-up in every seed, and that the “Word of God” is a God Seed. When each of the six senses bears its last fruit, there will be twelve tribes or bloodlines, all running together, each contributing its part to make one complete, whole, new man.

The word “tribe” means *stream or tributary; a branch, extension, or a stream connecting to a larger stream, river, or ocean*. When each of the twelve members (parts) marry their earthly and heavenly counterparts (husbands and wives), and each couple go (run) on to bear fruit, ***there will be a total of eighteen body parts in six bodies, with each body having three parts***. If we add six men and six women plus six sons, there will be a total of 18 body parts -- 12 men (seed / male attributes) and six women (eggs / female attributes).

On each side of the city of New Jerusalem there are three (3) gates (men) that are of ONE Pearl (woman). In much Wisdom there is the fullness of Life (God). When the house of Jacob, the city of God (David) is fully formed, it will be *four-squares*, each individual square consisting of four smaller squares, all combining to make ONE whole house. A square is four lines of equal measure -- four straight lines running north, south, east, and west. ***Each one of these squares is one-fourth part of the earthly house and together they represent the four earthly kingdoms that now exist in the earth.***

When all four of the squares are fully formed and filled with Substance, and they are all fitly joined together, they represent and are composed of every element of this whole solar system and the entire universe. *There are four equal parts of each of the four earthly kingdoms when they are all fully formed: $4 \times 4 = 16$; $1 + 6 = 7$; man alone is seven (7) and with God, he is eight (8). God is ONE, therefore God is not divided and counts as the one which is in all the other parts. God is ***all*** and God is ***in all***.*

Presently the earthly house has only three bodies (parts) that are perfected: Father (Spirit), Mother (Mind), and Son (Body) -- and these three are ONE (body), but the Son / Man has no wife, so the earthly house is incomplete. Presently, there are two men and one woman -- two “seed” and one “egg.” This means there are two laws (heads) and one covenant (body). These two laws are the Law of Form and the Law of Mind. These two laws must become ONE Law consisting of Mind and Form.

The Law of Form is the Law of Science. The Law of Mind is the Law of Spirit. Science and Mind must become ***ONE Law of Spirit and Life in form*** -- no more “separating” the Spirit from the form. ***The body is a creation of the Law of Science, and the Mind is its creator.*** The body and the head must be joined together and be one Law in one bodily form. Body, Mind, and Spirit are three equal parts of ONE whole man.

The fourth part of the fourth earthly kingdom is the bride of the Son. She is the body of the seed of the Holy Son which evolves out of the Logos -- and he is complete in her, in Mind and Spirit. He is the Light

and consciousness of the temple. The Father, Son, and Holy Ghost are glorified in her, and these three are one -- one Light, one God, one Truth, and one Eternal Life. The word "glorified" means to be "all together one."

There are four kinds of flesh represented here: the flesh of fish, fowl, beast, and man. There is one yet to come: ***the flesh of the woman!*** She embodies all of the other four kinds of flesh. Her body is composed of Cosmic Matter and it is quickened by Anti-Matter (Fire). Her Mind is fully conscious and fully illumined. She is the Bride and the Holy Temple (body) of God Almighty. This is the heavenly Jerusalem, the Holy City of God.

The fully formed man of "sin" (the senses) is called the "beast," and his counterpart is called the "anti-christ." ***The anti-christ is the man who is a glorified beast; he is a "WOMAN" and she is the spirit, mind, and body of religion (legions).*** The beast is an animal-man and he is the "king" of the north; he began his development during the ice age. He is the polar bear, the bi-polar man that must be destroyed (dis-assembled).

The anti-christ is the spirit of the tree of the knowledge of evil, and her fruit are in her and she is in him -- the beast who is a double-minded man. ***The woman is the wisdom of man, and she is the flesh body of the seed of the man (beast).*** Man's wisdom and understanding are the mental increase of the seed *and* the flesh body / bodies of his children. These are the children of the devil. The substance of the seed of a corrupt, carnal man and woman (carnal mind) in bodily form are called the children of the devil. The name "devil" means "divas," but the children of the devil are called by many other names. They are the microscopic elements and germs in the earth's body that are used by the Law of Science and Creation to create a bodily form. This flesh and the mind that rules it are mortal and can only endure for a "season."

The seed (knowledge and wisdom) of the devil are the spiritual children and the bodies of a corrupt, double-minded and unstable man, and they are the works of a "false prophet" and the spirit (ideas) of a carnal mind. A false prophet is one who speaks using false information. But this man is more than a "false prophet." Any and all of his seeming increase (physically, mentally, materially, or otherwise) is a false imagination because no part of it will last, except for a little while. So his profit is all false. *These seeming increases are the works (the creations) of the substance of the seed of the knowledge and the wisdom of a flesh-man by the spirit of error.*

Out of the mind and mouth of a false prophet comes corruption and false hope. The words of a "**false prophet**" create and produce a "**false profit.**" All of his increase and substance of every kind will pass away. He will lose all of his profit if this is the only kind of increase he has produced. He will lose his mind, soul, and body. In the end, he will lose all the wealth that he has gathered in the earth. What will a man profit if he gains all the knowledge and wisdom of the whole world and he loses his soul, his mind, and his body?

Holy Seed (Knowledge), together with a Holy Mind (Wisdom), produces a Holy Man body made of Holy flesh matter. This Holy Seed (Logos) of the Spirit and Prophet of Truth produces the body of the Holy Woman. ***This body will be made incorrupt and immortal, and she will become a Tree of Life.*** Her fruit are the Holy Angels of the Most High God in living bodily form. She is rooted and grounded in the depths of the crystal clear waters of the Sea of Love. The Sea of Love is the "Sea" (Light) of Wisdom and Life. The Sea of Galilee is the eye that clearly "sees" Life *as Life is*. Her body is the garden and the Heart of God Almighty. She is married (joined to) the "man of Galilee." He is the ear that hears what the Father (Spirit) says. She is the *first* and the *fourth* part of a galactic body. Her counterparts are the *second* and *third* parts of a galactic body. One and four are five, and two and three are five -- which are one. Five plus five equals 10 parts, which is an infinite number. One hand plus one hand equals two hands, and these two hands serve ONE body; the one head serves ONE body and its two hands.

The fleshly nature of the senses of the animal-man has reached its end when the work of “sin,” the development of the senses, is finished. Sin along with its carnal nature and mortal works are near the time of being finished when the “Holy Woman” begins to put forth her leaves (covering). Her covering is her spiritual armor. The leaves which are her covering are for the healing of the nations (nature). When the flower of the “Tree of Life” (the Holy Woman) emerges, and her fruit are fully formed and ripe -- and she shakes her fruit (the Light Workers, her children which are her Holy Angels) off of her body -- **“the Father is standing at the door!”** He is no longer “lame” and seated; He is no longer a “lamp” unto the feet only, but He is now standing tall in the temple and it is fully illumined.

The fruit of the Tree of Life are her children and they are Holy Angels and ministering Spirits. They are the living, embodied words of immortality and Life. They are called the eagles (the elect) of God. They are the children of the “Elect Lady.” They are also called the Eyes of God, the Father. They are sent forth by the Father (Fire) of Spirits. ***These are they who are born of the water (flesh) and the Spirit (Mind). They come and go as the wind.*** See John 3:8: *“The wind bloweth where it listeth, and thou hearest the sound thereof, but canst not tell whence it cometh, and whither it goeth: so is every one that is born of the Spirit.”* They know the “way” and the “mind” of the Father (Spirit) and they live only to serve the Father at his every beck and call.

When the son (seed) of man’s wisdom and prudence is crucified and the “root of sin,” the king of the north -- which is the knowledge and belief in duality (evil / darkness) -- is destroyed, there will be another king (kind of body) raised up out of the ashes of the burning tares, the crown of thorns. This new King, a new kind of man’s flesh, is called Jesus of Nazareth. This body of flesh is the Holy Word that first became flesh in the body of the man Jesus. By partaking (eating) of this Word (flesh), we are all sanctified in our minds and in our bodies. This Holy Son (Word) prepares one for the gift of the Word of the Holy Mother, which is the gift of God, the Word of Wisdom, from above. This Holy Word of Wisdom is the egg (pearl) of the woman, out of which will emerge the Substance of the Holy Temple of the Most High God. This Holy Temple is created with Cosmic Mind Matter.

The son (knowledge and understanding) of the earthly woman (man’s wisdom) is the king of the B--EAST, and he embodies the flesh of two other kings (kinds of flesh). He is one body having three heads. The three kings (kinds) of flesh are of the south (hot), north (cold), and the east (lukewarm), and they are all embodied in one king (one kind of flesh). The lukewarm kind of flesh is the flesh of a warm-blooded beast, an animal-man. The lukewarm man is an animated, living Soul. The term “lukewarm” means semi-conscious, as a man who is waking up at sunrise. In him is the “Seed” of Knowledge out of which comes the fourth “part” (the Woman / Antichrist and her Son).

The fourth and last part of the earth to be embodied and harvested in a human bodily form is the Western Culture (kind) in the northern hemisphere. The Western Culture is the doctrine of the Judeo-Christian religion in a bodily form, and it is the body of the bridegroom (prophet). She (the bodily flesh of the son of man) is the bride and apostle of the star of the East who is the earthly Adam! She is called a “WOE.” This is the “third WOE.” A “WOE” is a vow. A heavenly vow is a marriage covenant, a union, or a bonding of two parts that cannot be broken. A union is a unit, and a unit is ONE! When the blood of a man and the blood of a woman are ONE blood (life) in the body and the vein of their fruit, they cannot be separated.

The old beastly, carnal, sensual, and fleshly nature will be finished when the son-of-man (seed / knowledge / wisdom of man) hangs (raises) himself upon the cross (tree) for the last time and produces the last harvest of his kind of flesh. In the fall of his last generation at harvest time (the last time the tree of the knowledge of evil will bear fruit and be “shaken”) -- when the last fruit of the last generation of the senses (the man of sin) falls from the tree of the knowledge and wisdom of man and the works of sin are fully finished -- then the

Son-of-God will ascend from the place of the skull (the burning bush) on the other side of the hill called Golgotha, in bodily form.

The son-of-man ate the little black book and it turned to gall (bitterness) in his belly. He also drank the cup of trembling and endured the wrath and chastening of the Father. This is the man who finished the race and came to the end of himself, the end of his bloodline. He has made the full circle (circuit) and he embodies the whole earth. He is a fully formed planetary house (man), composed of all four quarters of the planet earth, and he embodies the four kingdoms of the earth and their spiritual counterparts. He is a fully developed earthly man with eight bodies -- consisting of four kinds of sanctified flesh and their four spiritual counterparts.

When these eight bodies are solidified by the fire of Life, they will all be one body. This man's number is nine. This man also has a spiritual (heavenly) counterpart, making his number ten, which is an "infinite" number.

A fully developed planetary man is one-fourth part of a fully developed Solar Man. A fully developed Solar Man is a fourth part of a Galaxy Man (Galatian). A fully formed Galaxy Man is a fourth part of a Universal Body, which is the body of a Cosmic God-Man. ***A Universal Cosmic Body is made of pure Cosmic Mind Matter and pure Spirit (Fire). This body embodies every element in the universe in a perfect form.*** The "self" (man of sin) that was created by the works of the flesh using the knowledge and wisdom of the carnal, moral law -- through the avenue of man's five senses and the help and use of his faculties of reason and logic, which are his earthly father and mother -- no longer exists.

The animal man (the B-man or beast-man) of the Eastern religions, his nature, and the anti-christ (the woman) embody all religions. Their body of flesh and the spirit of their mind are both the fruit of the man of flesh. ***They are anti-Life, anti-Light, and anti-Truth / Spirit.***

The anti-christ mind is the spirit of religion, which is the spirit of error. At its end, world religion is forever cast into the bottomless pit (the solar realm) to burn as fuel (oil) for the sun forever, without end. The spirit of error is a false "sense" of peace that comes when one receives the "breath of Life" that resurrects and animates the dead Soul (Word / Seed). The spirit of error is the spirit and mind of religion, and it works through the body of flesh which is "the Jerusalem that now is," until the greater Light comes.

The anti-christ is the church of Babylon; she embodies in one body all the religions of mankind upon the earth, the last of which is the Christian religion according to the doctrines of the man of flesh -- the son-of-man. She is represented in the allegory of the tower of Babel. (Please read the allegory in Genesis 11.) She is the woman of the night and her fruit are the tares and thorns that grow up and choke the life out of a man. Please see Matthew 13:22: "*He also that received seed among the thorns is he that heareth the word; and the care of this world, and the deceitfulness of riches, choke the word, and he becometh unfruitful.*" See also Matthew 13:37-39: "*He answered and said unto them, He that soweth the good seed is the Son of man; The field is the world; the good seed are the children of the kingdom; but the tares are the children of the wicked one; The enemy that sowed them is the devil; the harvest is the end of the world; and the reapers are the angels.*"

When "sin" -- which is the works of the mortal senses -- is finished, it brings forth death. ***Death must come to a man's mortal senses (the spirit and mind of them) and their nature in order to end the cycles of incarnating and reincarnation.*** This is the death that every man is appointed to experience ONCE. Sin is finished when a man gives up the "ghost," which is his "breath" of Life, the spirit of the dove -- the filthy bird. This spirit (mind) gives false peace and false hope; through it comes the righteousness of the law of

flesh, which is as filthy rags in the sight of God. Its fruit is iniquity and all manner of evil works. No man is justified by his own carnal works.

When Babylon the Great is full and gives birth to all of her children, this will be the fullness and the end of the seed of man, with all of his trickery and his doctrines that have only the appearance of Truth. She is the “spirit of error” -- the source of ALL deception and every evil thing.

The spirit of error is the nature of the priest and brother of Moses, Aaron. This is the Levitical priesthood -- the spirit of the carnal law. It is called “the dragon.” It is the female aspect of the moral / carnal law which produces inequity and self-righteousness in a man. This man thinks to justify himself by his “good” works. With all of her miracles (magic), her lying wonders (imagination), and her enticing words, *she lures all men to her, rather than point them to the true and living God.* She is the false church built upon the “sinking sand.” The foundation of the “sin-king” is the sinking sand -- the doctrines, philosophies, and traditions of man.

All of the followers of the church of Babylon are idol worshipers lusting after the fruit of the flesh (the senses and the spirit of man), rather than running after the Word and the Spirit of the living God. She is the “church, the body of the senses” that is built upon the sandy shore of the dead (salt) sea, and her foundation is flesh and blood. Her bodily form is composed of the flesh of beasts, fish, and carnal man. She is the bodily form of the first Adam, the “red” man. Her mind is filled with the spirit of the fowl, a filthy bird, and her life is a single breath of air. She is clothed with self-righteousness. Her vesture is dipped in “blood,” and her robe is as crimson (scarlet). This is the blood (spirit) of the prophets that has been spilled throughout the ages, starting with the blood of Abel.

The flesh body of this man is preserved in “salty” seawater. The “salt” in the body (the Jerusalem that now is) dulls the five senses, causing mankind to be semi-conscious and semi-animated. When the winds of the Spirit of God (the Spirit of Truth and Wisdom) begin to blow, and the Living Waters beat upon her and she sees the lightning flash and she hears the trumpet (thunder) of God sound, many of those who remain in her will fall upon their face (sword) and call upon the name of a dead or sleeping god who will not answer them, for the salt has lost its savor (power). The preservative has become non-effective, and the flesh is rotten and full of boils and pus.

But many will call upon the name of the “True God” and they will be cleansed from their leprosy and made white -- because God is a merciful God. The cleansing and purifying of the flesh body of the animal man (the beast), and the destruction of his DNA, is done by changing the molecular structure of the body and the renewing of the mind. The body of sin (the senses) must be purged from all *salt crystals, lead, carbon, and all elements that corrupt flesh.* In order to “save” the body, there must be only fresh, pure, living water crystals in the body. The mind must also be cleansed from all erroneous religious beliefs and filled with the Knowledge of Truth. The Truth of one’s “Self” will be known when the Knowledge of the Law of Spirit and Life is revealed. The Substance of Truth and the Spirit and the Mind of Truth are the power (Knowledge) that purifies the body and renews the mind. After the mind is renewed and the body is sanctified, the body will be quickened and transformed by a metamorphic process. ***The DNA is changed and a new kind of flesh is manifested; this body of Living Substance is incorrupt and immortal.***

When mankind has reached his full measure, which is his fully developed six senses, and the time allotted for his flesh (senses) to work (increase) and his blood (spirit and breath) to flow (run) has expired, the man of “sin,” the devil and that old serpent (man’s knowledge and his wisdom) will be revealed. The beast and the anti-christ -- the false prophet and the priest [all of which are the same man (body) and woman (mind)] -- will be bound hand and foot and cast into the Dead Sea, “the salt pit,” where no flesh will grow or increase for one “day,” or 1,000 years. The knowledge (the sanctified seed) of man and his wisdom (spirit) will be loosed

upon the earth again at the end of the 1,000 years for a little while. The Dead Sea is the sea of forgetfulness where all of the errors of the past are forever forgotten.

When you calculate the number of a man using the numbers 600, 60, and 6 you have 666. Add the three sixes (6's) together and you have 18; then add the one (1) and the eight (8) and you will have the number nine (9). Nine is the end of one line of numbers beginning with zero (0) and ending at nine (9). After the number nine comes the number zero (0) again, which is a new beginning. Nine is the end of the man whose beginning was a 0 (zero); he is called "o-man" or oxygen man. He is the ox that treadeth out the corn. After nine comes the beginning of a new thing.

Mankind's mortal flesh body evolved out of a single-cell, carbon-based organism called an amoeba. All forms of flesh begin with a seed that holds within it an image, a drawing, or an outline that is empty and void of substance. A planetary man has a total of six senses; each began with a single organism. When each of the six has increased his substance one-hundred-fold, the man has increased his substance 600-fold and he has fulfilled all of the 66 Books of the Law.

The written word of the two covenants is two parts of ONE LAW. They are man and woman, or male and female aspects of the earthly Law of Creation and Evolution of Form. The whole Book must be fulfilled and embodied in ONE bodily form before it will pass away and all things become new. When we turn the world (worldly sanctuary) upside down, we will no longer have 66 books but we will have 99 books; $9 + 9 = 18$, and $1 + 8 = 9$.

The Law of Spirit and Life in Form is two-fold; one half of it is the Spiritual creative process, and the other half is the evolution of the form of the thing created. The form and its Creator are both hands of the Law of Time and Space working together. One hand of the clock works by the Spirit of Mind, and the other works by the Wisdom and Knowledge of the Law of Science, which makes intelligent use of matter, minerals, and chemicals, compounded together to produce a body of substance. The Law of Science and Chemistry working together with the Law of Spirit and Mind is the manner in which all Life forms are created.

A man who embodies all sixty-six books of the law is a "law unto himself." He is the living, bodily form of both the old and new covenants, and he is of royal Nature. He is divine and he is God! The two parts of the Law of Creation and Life in Form are one Law when they are joined together in a covenant. Combining the two covenants that now are into one bodily form occurs when heaven (Mind) marries earth (body) and they are ONE!

Space and time here do not allow further calculation to "prove" the mathematical problem. Nevertheless, ***when an earthly, planetary man is fully formed, his number is nine.*** He embodies all nine planets in this solar system and he is number ten.

A man-child is fully formed in the belly of his mother at the end of nine months. All Truth is parallel -- whether above or below, or whether in form or out of form. The number of a fully developed and perfected planetary man is nine (9). The numbering system and the language of Cosmic and Scientific Laws are not as man's ways of letters (speaking) and numbering (figuring) are. The same letters of the alphabet and the same mathematical numbers are used, but with different word definitions and a different method of calculating the numbers in the world of physics. Only one who has reached the state of Cosmic Mind can know the rule of Cosmic Law and live by it. This is called the Law of Spirit (Mind) and Life in bodily form.
