

Question: In Matthew 4:19, Jesus said, “Follow me, and I will make you fishers of men.” Can you tell me what this means?

Answer: Yes! In Matthew 4:19 Jesus told Peter and Andrew that he would make them fishers of men if they followed him. But in John 21:3, when Peter said, “I go a fishing,” he did not catch any fish. The reason Peter did not catch any fish (men) is because he was fishing in the wrong place. The word “men” means “manna” or “flesh,” and the fish are a type (allegory) of manna (wisdom) from the “**salty sea water**” that hungry mortal men may eat. The waters the Lord spoke of -- wherein are the fish (meat) -- are the Holy Scriptures which are called the “*water (or flesh) of the Word.*” In these waters (or in this Word of the Covenant) one will find the “manna” (bread and meat) which come from the flesh (knowledge / bread and wisdom / meat) of men. When one embodies this “kind” of flesh (truth), he will bear the earthly form and likeness of “the first Adam” (the man Jesus) who first came in the form of sinful flesh (1 Corinthians 15:45-49).

In Matthew 5:13-14, Jesus said to his disciples, “Ye are the salt of the earth,” and he also said, “Ye are the light of the world.” The New Testament message (messiah) is the “*salt of the Word*” that will “*preserve*” the body and the mind *for a season*. This bodily form of the Word (doctrine), however, must be born again -- because *God accepts no man’s flesh*. This body of flesh (salt) matter must be transformed by the Spirit into another “kind” of flesh matter (1 Corinthians 15:34-42). This is done by changing the molecular structure of the body.

This new kind of flesh matter will not be as carnal man’s flesh is. When this body of flesh (fish) is fully formed and the body is purged from the old beastly ways, there will be no more remnants of the old DNA (man) left in it. The body of the “fisherman” is the body of flesh that will be crucified and raised again from the dead by the Spirit within, and this ***twice-dead*** and ***twice-resurrected*** body of the Word is the body that will be transformed and made immortal. The living, embodied “***water of the Word of the New Testament***” is the bodily sacrifice that is holy and acceptable to the Lord (see Romans 12:1-5) -- ***but it is not yet perfect (complete)***, therefore it must be perfected and transformed by the Spirit, and mortality must put on immortality.

Before his flesh can become immortal, mankind’s mind and bodily flesh must be changed (transformed) two more times ***after*** he first bears the fully developed flesh and DNA of an earthly human being. Each time his mind is renewed, his measure of consciousness and light of mind are expanded, and his flesh matter and his nature are also changed. First he leaves behind his beastly nature, which consists of the mind, nature, and the beastly kind of flesh matter. He then takes on the nature and molecular structure of a human being.

The physical flesh matter of a human being is first ***of the earth*** -- and it is made of earthly, organic materials, Spiritual elements, and chemicals. This body is animated by only a “breath of life,” and when it is fully developed it becomes a “living ***Soul***” -- and it is then a “***solar body.***” The next (third) kind of flesh matter is composed of “***etheric Mind Matter.***” This form of flesh is composed of the Mind Matter of a “***Christed***” (enlightened) human being, and this man is called a “holy man.” This “Christed” body of Light and Truth is Substance that is created and formed by the “manna” (Mind and Mind Matter) of the “man of ***Galilee.***” This body is a “***Galaxy man.***”

The fourth and last kind of substance to be used to create the body of a human being is “***Cosmic Mind Matter,***” and this body of Substance (Wisdom) is incorrupt and immortal. This body is a “***Cosmic man.***” This type of Mind Matter is not of the earth, and neither is it the substance of the mind (wisdom) of an earthly man (flesh), but this body is a multifaceted composition of the Substance of the Word and the Mind of the Wisdom of God (Spirit).

As a man grows and increases in the Knowledge and Truth of Life, and in Wisdom, his consciousness and light of mind expands, and this is what produces the metamorphic changes in the molecular structure of his body. This is how the “earthly bodily temple” is made in the likeness of God -- “the heavenly man.” As the light and consciousness of one’s mind expands, the Spiritual elements of the composition and the substance of the materials in the flesh matter (mortar) that is to be poured into the bodily form also change. As the mind is continually renewed, the elements and the composition of the mind matter change, and the substance and the life of the flesh matter goes from glory to glory until it is glorified! Going from “glory to glory” means to increase the “light” of one’s mind more and more until the mind is fully enlightened.

The word “temple” means a “template,” which is a “pattern” -- but not the very thing itself that one wishes to construct, cut out, or build as a bodily form in the shape and the likeness of the template. Our physical bodies are a template that is only used as a pattern for the construction of the “real body of God.” The body is a “form” into which Eternal Living Substance will be poured when the “form” is fully developed and perfected. After this composition of Substance is perfectly mixed and the “*form*” is perfected, the mixture (Spirit) will be poured into the “form” and the work will be finished.

No one can experience the growth that produces the necessary expansion of a man’s consciousness and light of mind -- and the needed changes to his body -- unless he himself goes “fishing” and catches his own fish (Mind / Manna). One must “fish” in the Living Waters Above -- not the dead, salty seawaters below (“the fleshly knowledge and wisdom of men”) -- if he will live and not die. Neither can anyone continue to eat the fruit of another man’s labor (bread from another man’s field) and expect to obtain self-reliance. It is, however, permissible for everyone when they are “babes,” as they are growing and maturing, to warm by another man’s fire, eat the fruit of the other man’s labor, and work in his field “*for a time and season*” by which to cultivate and learn his own skills. He must learn how to work, prepare his own field, sow, and reap his own harvest while he is working for another man. ***But when he reaches the age of accountability, every man must realize that he cannot live by “bread” alone -- therefore he must “go fishing”! After he has caught the “fish,” he then must gather his own sticks and build his own fire; he must then prepare (clean), cook, and eat his own fish, if he will prosper in his way.***

There are “salt water fish” -- ***the flesh (wisdom) of men***, and there are “fresh water fish” -- ***the flesh (Wisdom) of God***, which means the “meat of the Word.” The “salt waters” are the waters below, and the “fresh waters” are the Waters Above (see Genesis 1:6-10). Both are the source of the “meat” (wisdom) of the word, but the salt (time and season) of the word of man is temporary, and it is given for a covenant to cover / protect and preserve him ***only until the fresh, sweet Manna from God Above comes***. If you are reading (eating with your eyes) this “***fresh, living Manna from Above***,” and drinking (with your mind) from this Living Fountain, then you are fishing in the “right” kind of water on the “right” side of the ship.

In 1 Corinthians 3:1-2, Paul said that he could not speak to his disciples concerning spiritual things because they were yet carnal. Even though they were begotten of God, they were nevertheless still only “babes in Christ.” He said that he fed them with milk, and not with meat, because they were not yet able -- ***mature enough*** -- to bear (birth) the body and the fruit of the “meat” of the Word of the Wisdom of God from Above.

The fully formed *etheric body of Christ* is the “form” or mold into which the “strong meat” and the Living Waters of Wisdom with Understanding shall be poured. The Substance of a “Cosmic man’s body” is a composition of an innumerable number of living Spiritual elements that compose “Cosmic Mind Matter,” and this Matter does not contain *salt (or bitter) water*. There are *no salty tears on the face, there is no sweat on the brow, and there is no salt water in the body or in the mind of a Cosmic man*. The bodily

Substance of a “Cosmic man” is a mixture that is composed of the sanctified elements that are taken from the earth (earthly), the solar system (the solar wind), the Galactic (the fresh, Living Water Above), and the universal Spirit / Fire of Life. This composition of holy universal elements mixed together is Cosmic Mind, which is the source of Cosmic Mind Matter. Cosmic Mind “Matter” is the Substance of the Cosmic man’s body. The glorified, ascended “*Holy Elements*” are the “*Elementals*” who are the “eyes of the Lord” that run “to and fro” over the whole earth, continually seeking out His own. They are your “eyes” of Understanding. A Cosmic man is one who is united (in union) with all of Life. He is a “*Unitarian*.”

In order for one to possess “himself” in an immortal bodily Life form, he must continue his search for Truth and Wisdom concerning “*the things pertaining to Life and Godliness*” until he finds them. ***Every man must search out and find his own Treasure.*** No man can eat or drink for another and the other derive any lasting benefit from it. Likewise, no man can successfully operate his life and affairs by the light and consciousness of the mind of another!

Hebrews 6:1 tells us that we must leave behind the doctrines, ways, and principles of Christ -- the “Good Word” (salt) -- and go on to perfection. Just because something is “*good*,” is no “*sign*” that it is perfect. The son-of-man sowed the “*good seed*.” See Matthew 13:37. The “*seed*” ***within the fruit of these “good seed”*** is the perfect Word and form of doctrine. We must search out the true and perfect doctrine of God (Spirit), which is the Eternal Living Word of God. ***The good salt of the Word will wash and preserve us for a season***, but we “get” dirty again and need to continually wash ourselves in the Word -- because this doctrine is only a temporary mediator between man (earth) and God (heaven), and it cannot cleanse us from our sins. It can only prepare us for the pure and perfect Word that is to come. The Eternal Living Word of God from Above -- which is yet to come -- need only cleanse us once from our earthly, mortal, carnal nature, and we will remain free from the nature and the dictates of our mortal senses (sins) forever.

The fully developed bodily form of the substance and the life of the wisdom (tree) and understanding (fruit) of the seed of the “*earthly good man*” are called “***the bond woman and her son***” who are born under ***the moral law of the natural senses of a man***. The law is “*good*,” but it makes nothing perfect. The fully developed and “*perfected bodily form*” that is filled with the Life and Substance of Wisdom and Understanding of God from Above is the body of “***the free woman and her son (seed)***.” She (the free woman) is called the “***New Jerusalem -- the Bride of Christ***” who descends down out of heaven from God. The free woman -- like Mary the mother (mind matter) of Jesus (the word) *who bore the son / light (wisdom) of the word (law) of man in her body* -- will bear the Eternal Word (Son / Light) of the Spirit and Wisdom of God in her body. (See Revelation 19:7-13 and 21:1-11.)

The embodied, fully developed, and fully mature form of the “*doctrine of Christ that now is*” is called “***the Jerusalem (bodily temple) that now is***”! We are instructed to “*stay in the present doctrine of Truth (the Jerusalem bodily temple that now is)*” until the Lord from heaven descends upon us and impregnates us *again*, this time with “***the Pearl of Great Price***,” which is the gift of the Word of Wisdom from God. This gift of the Word (Pearl / Jewel) of Wisdom holds within it the Substance of Truth and Understanding of the “***Law of Spirit and Holy Knowledge***” concerning ***eternal Life in bodily form***.

Anyone who will first embody the words of Truth (Jesus) -- who is of the “*earthly form of the doctrine of Christ*” -- need not die (put off) his mortal body. This doctrine is the salt of the Word that will preserve and keep an individual “***ALIVE AND IN THE BODY***” ***until the Lord from heaven comes and renews the earthly man’s mind and transforms his mortal body matter into a new kind of matter!*** Staying in the body until the Lord comes is a choice each individual must make for himself.

The mind and consciousness of the earthly form of doctrine and its flesh matter are composed of the spirit and the life of the elements of the “salt of the Word” (sea water), and this body of flesh is the last

generation of the “*blood line*” of the “tribe” (rib) of Judah. The Jewish “seed” Jesus holds within him the Pearl of Great Price, the woman who is the Bride of Christ (New Jerusalem). When she (“the Pearl”) is lifted up from the earthly form (Jesus), she becomes the Jewel of Heaven, the bodily form of the Bride who is the resurrected body of the “seed” (words) of Jesus. Her body is made of the bone “*marrow*” of the “rib” (tribe) that was taken out of the first man Adam while he slept. This bone marrow is the Substance of the “*precious stone*” (the Pearl of Wisdom) that was in Jesus the Bridegroom (the Good “Seed”) who the builders rejected two thousand years ago. He promised his disciples that he would go, but that he (his doctrine) would come again in “*another form*” without sin (the mortal, sensual flesh of the law). A seed must *die and change its form* if it will live and become a tree (body).

The message that Jesus of Nazareth delivered to the people was only the “*seed of promise,*” not the “*promise itself.*” Enfolded within the “seed” are the promises. This is why all must first “embody” the word of the Lord Jesus; become a tree; and afterward bear fruit, more fruit, and much more fruit -- in order to receive the “precious promises.” See John 15:1-8 and 2 Peter 1:1-4.

No one can conduct his affairs according to the knowledge and wisdom of a law that he does not understand. See Mark 4:13. Concerning the “parable of the sower” we read: “And he said unto them, Know ye not this parable? and how then will ye know all parables?” Therefore we must continue our search (fishing) for Truth until we find the “deep” waters ***where the “fish” (which are the meat / mysteries of the Word of God) are hidden. The place where all of man’s treasures are hidden is within himself!*** Luke 8:11 says, “Now the parable is this: The seed is the word of God.” If you plant the “Good Seed” within the garden of your own heart and faithfully tend the garden, the Wisdom of God from Above and the Knowledge of the Holy (which is “Understanding”) will come into your field of consciousness; first the Wisdom, the living tree, then the Understanding (fruit).

Planet earth was specifically created to be used as a scientific laboratory for “planting” all manner of “seed” (words) for the creation, cultivation, and evolution of physical, organic bodily forms by which to cover and house “sentient Life.” If one could not “feel” he would have no emotion or desires and he would be nothing more than a dead, motionless rock. It is essential to Life that one is able to “feel.”

The Creator of all life forms is the Mind and Consciousness of “the Eternal, who changes not.” The “things” that are created and cultivated, however, do change with every “season” (dispensation of time) until every kind of life form reaches its full potential. *Only the Creator of the life form has the knowledge of its full potential.*

The creation, cultivation, evolution, and development of earthly life forms began at the first dimension (measure) of Life in the mineral kingdom. The word “kingdom” means “kind.” Every kind of mineral carries in it the kind of elements needed to reproduce itself when mixed with other “*specific elements*” -- *both male and female.* The creation of a sentient, earthly life form began with a ***single atom within the body of a single element who covered themselves with a “single cell” amoeba (flesh body).*** The atom’s outer “body” is the “*element,*” and the “*one cell*” (amoeba) is an “*Elemental*” in its conception state that is the “*prison*” of the atom and his body. The “*element*” is the woman who is the body and the earthly counterpart of the atom. The “*cell*” (amoeba) that covers the atom and his mate is the house (body) of both the atom (male) and his mate (the element / female). The amoeba (cell) is also the smallest “seed” out of which the atom and the element (his mate) will mutate, grow, and increase in substance and life as they work together to reproduce themselves.

The atom first descended into the “*deep,*” *dark waters below before the dry earth appeared,* and “there” he met and knew his mate, the element. Under the instruction of the atom, the element (woman) and her son (the amoeba) build the molecular structure and the physical body of a man. The physical form of an

earthly body began its evolutionary journey at the time of the descent of the atom into the deep, dark waters below, after he met and united with his earthly element. The atom changed his name to Adam after his first bodily structure was finished.

The firstborn child of the atom and the element is a one-cell amoeba. While the amoeba mutates and increases his bodily substance, the body changes its form until it is fully formed. He is then called an "Elemental." These three -- the atom, the element, and the cell -- are "ONE" amoeba. The amoeba is also called the "Word" and a "Seed," and as it grows it is called an Elemental -- which is a ministering Spirit that is also an Angel. It is called by many other names as it continues to mutate, change forms, and grow during its evolutionary process. The nature of the three that are ONE -- the atom, his element, and the cell -- does not change, but his outer form which is a fourth part (house) does. The fourth part is the outer walls of the house (body), and these "walls" and their nature *do change*.

In every great house there are vessels of honor (the Nature and Life of Holy Spirit) and vessels of dishonor (the nature and life of corruptible flesh). Until the vessel of dishonor partakes of Divine Nature and thereby it is changed and made in the likeness of the "*man of honor*" (and has his Nature), the house remains divided. The man of honor within the house (body) is the "Lord of Hosts," and he is the builder of the house. The Judeo-Christian Bible is a scientific treatise describing the process of the creation, cultivation, evolution, development, and perfecting of the human body from the beginning to the end.

The animal (animated) man (flesh) did not become "*self conscious*" until after the moral law was given. He was however, a sentient life form before the law was given. The beastly nature of the creature (worm / creeping thing) -- both then and now -- was and is to a large degree carnal (carnivorous). He was and is a predator (a maggot) and a consumer of the dead flesh of other life forms. All kinds and forms of animated flesh have blood in them, and one who eats the flesh of another life form with blood in it partakes of the living elements and their nature that are within both the blood and the flesh of the form that he eats.

One who will leave his beastly (fleshly / wormy) nature behind must cleanse his mind and his body of all elements of the flesh (worm) and the blood of man-beasts, creeping things, fowl, and fish. Once he has started this process, he will begin his journey out of spiritual darkness and his light and consciousness of mind will begin to expand. One must "*eat*" the Bread (Knowledge) of Truth and drink (think upon) the Living Waters (Wisdom of God) from Above in order to renew and expand his light of mind and thereby "change" his kind of flesh matter. He must refrain from consuming the flesh and blood of other life forms who are his brothers, and reject man's doctrines of lies (flies) if he will be able to change his nature! See Ecclesiastes 3:18-19: "*I said in mine heart concerning the estate of the sons of men, that God might manifest them, and that they might see that they themselves are beasts. For that which befalleth the sons of men befalleth beasts; even one thing befalleth them: as the one dieth, so dieth the other; yea, they have all one breath; so that a man hath no preeminence above a beast: for all is vanity.*"

Genesis 1:28-31 gives explicit instructions as to what mankind is to consume in order to sustain his mortal body. Since God changes not, neither does his plan for developing and perfecting the body of mankind.

There are doctrines of men that teach that one should eat "*the dead flesh of animals,*" but the "doctrine of God" teaches otherwise. Most societies condemn those who *eat the flesh of another man*, but eating the flesh of other creatures which have blood in them -- and which then becomes "*a man's*" flesh and blood when it is eaten, digested, and assimilated in the body -- ***is no different than eating the flesh of a man.*** One who *eats the flesh of a man* that has eaten the flesh of a cow, pig, fish, chicken, etc., simply ***eats the animal flesh in another form when he eats the flesh of the man, but it is the "same" flesh.*** The fruit of a tree that evolved out of a seed appears to be different than the tree or the seed, but it has the "*same nature,*" *the same matrix, and the same "elements"* in it as the seed and the tree. What a man eats

becomes the substance of his body. What he thinks becomes the substance of his mind and his body. A man (atom) lives and operates (works) in the consciousness and the flesh matter (cells) of his mind. His bodily substance, the members of his body, and their functions are a product of the content of his mind.

As a man “thinks,” so is he. Whatever the kind and the quality of the thoughts that one entertains, *the “elements” of his thoughts, by his “thinking” become “things (spirits) that fly” -- and they will become the substance of his mind and his body. **The mind is the origin and the creative workshop of all kinds of elemental life forms.*** The lower the plane one is conscious, exists, and thinks on, the grosser and coarser his mind and bodily substance (flesh) will be. Likewise, the higher the plane one is conscious, exists, and thinks on, *the finer the fabric* of his mind and body will be. Instead of the flesh and bones being made of the elements of heavy materials such as dust, lead, carbon, and the elements of corruption (germs) -- among others -- the bones will become lighter in body weight and the body matter will become leaner as one ascends higher in his consciousness and expands the light of his mind. One will exchange the rock of “*lead crystal*” for the rock (foundation) of “*pure crystal*” during the final stages of the developmental process. During the metamorphic process, however, the body weight, bone structure, and the volume of one’s flesh matter will fluctuate until the process is finished. Then one can choose the kind of bodily form, its weight, and the size he desires.

A fully developed and fully mature human body has many body parts and many different kinds of organs. Each of the five “*main*” organs of the human body is the body (a colony of cells) of an “element” who is a descendent of a planet in our solar system, and each of the body’s organs are created by different kinds of atoms (men) who marry different kinds of elements (woman). A “colony” is a land and a home “away from home” of a citizen of a kingdom whose headquarters are located elsewhere. Every “atom” is a descendant of a “star system” and every star has a “Name.” Each star is different from the other stars. The five main internal organs are the heart, liver, lungs, colon, and kidneys. There are five heavenly men (atoms) who are descendants from their home star, and they are the creators and the operators of these five planetary musical instruments (organs). These planetary bodies (organs) are trained by their mother and father, and they learn to work and “play” together in peace and harmony with each other until the body reaches its final stage of development and perfection. Each planet in our solar system, and the whole solar system itself, is part of a much bigger system -- a galaxy -- which is part of yet a larger system -- a universe.

If you were to draw a pyramid and you were to stand *inside* of the pyramid at its base, looking upward, you would see what appears to be only a “*point*” at the very top -- and your vision would become very narrow at the “point.” However if you were standing *outside* of the pyramid on the top of the “*point*,” and you were looking downward and in every other direction into the space outside and around the pyramid, the walls of the “cone” (pyramid) would all but disappear. This is the way the outside walls of the human body will disappear when you have an “*open mind*” and you have reached the pinnacle of Life and become fully conscious in a metaphysical, planetary bodily form. We (I) become the “*center*” of the world around us (me) **when we (I) stand upon the “point” where the creation of all life forms begins,** while at the same time, we are (I am) fully conscious of the tinniest life form throughout our (my) universe. The higher we (I) ascend, *the sharper the point is* that we (I) stand upon -- until all kinds of life forms in this world and beyond are seen and known as one uninhibited Life without walls or limitations. Each life form is but a cell, a group of cells, or a colony of cells in the body of the Universal God (Kingdom). *The fully formed, fully developed, and perfected body of a Heavenly man is a miniature universe.*

The world of “*Spirit*” knows no boundaries, and neither will a man who is born of the Spirit and lives the Life of God. This is what the Life of a “*Cosmic man*” will be. **This is what “man” (the Heavenly Manna**

-- which is the Substance of the Living and Eternal Word of God) "IS" when "He" (man) is in the bodily form and the likeness of the Eternal God who is ALL and in ALL!

Presently, there are five adult Spiritual bodies (young men) in our solar system, which are represented in the five mortal senses: the touch, taste, smell, sight, and hearing. These are the counterparts to the five planetary men (internal organs). The sixth sense is the youngest man (child) to be conceived in our solar system, and he is now being formed and developed. The body of the "Elemental" (Angel) and Ministering Spirit of the Lord is the "place" (placenta) that is the present abode of this "Heavenly man and his Bride." This "place" is called "the Heart of God -- the House of Love." This man Adam is the "Atom" and his "Element" (Angel) who are the Father / Mother (God and Creator) of the "ear" which is able to "hear the Voice of Spirit." This "ear" is not to be confused with the natural hearing ear.

The sixth part (sense) of the earthly man, his mind, and his body are now being developed and perfected; the sixth sense is called the "intuition." This part of man (sense) is also called the "Christ child" who is the "inner man of the heart." The "body" of this Heavenly man's hearing is created with immortal Living Substance. This Substance is a composition of the pure and undefiled Elements (Spirits) of Eternal Truth. This man of Truth (ear) will only hear and answer the Voice of his own kind -- his Father. His "Element," Angel, and Spirit Guide is Fire.

This fine, delicate instrument (ear) is located in the "center" of the head in the "center" of the "brain," **but it is NOT the brain (flesh).** The "brain" is a "colony of cells" that is the earthly kingdom of the "one who is to come." It will be "the home away from home" of the Heavenly man, his wife (Angel), and their children when it is fully formed and perfected. The hair on the head of his "wife" (Bride) is the Eagle's nest where Christ is now seated, waiting for the Eagles to hatch and leave the nest. Their children are the "Elect," the chosen of God. The Elect are the children of the "Elect Lady." See the book of 2 John.

When the man (the sixth sense) is fully formed, fully developed, and filled with all the fullness of Spirit and Light, then he, Christ, will be the head of the "house" (body) and he will rule all of the members (organs) in the body. He will be the "seventh man" when he joins himself to and embodies the Substance and the Life of his Bride (his Elohim) who presently awaits his "appearance" at her Father's house (her heart).

There are also two additional planets to be created and two additional planetary men to be begotten, formed, and birthed in this solar system in the next dispensation during the next universal orbit around the **Grand Central Sun** on the fourth dimension of life and beyond.

The creation and development of the "hearing ear" (*psyche or intuition*) is the last part of the earthly man to be created and manifest in his physical body. A fully developed earthly man becomes a living Soul. A *Soul man's consciousness* and mind matter embody atoms from all the stars in the Earth's solar system, their wives (elements), and their children (Spirits). The body of a "Soul man" is made of the elements of the body of mother earth and elements that have descended from the bodies of our sister planets into the earth's realm. A Soul man's body also embodies all the elements that are resident in his mind matter.

As he continues to ascend (evolve) and expand his light and consciousness of mind as a Soul man (Solar System), he becomes a *Galactic or Galaxy man*. As he continues to rise and expand his light and consciousness of mind as a Galaxy man, he will walk upon the Crystal Sea of Galilee, as it will become the foundation of his house.

He who builds upon the foundation of the Man of Galilee will become a *Cosmic (God) man*. He will then be a living, bodily form composed of the Divine Substance of every kind of Spiritual and Elemental life

form in the entire universe. *When all things, both in the heavens above and in the earth below, are gathered together in one, HE WILL BE A LIVING, UNIVERSAL, ETERNAL GOD!* (See Ephesians 1: 9-11.)

THIS IS THE END RESULT FOR ONE WHO LEARNS WHERE TO FISH, WHAT TO CATCH, AND HOW TO PREPARE AND EAT HIS OWN “FISH” (FLESH / STRONG MEAT)! “Strong meat” belongs to him who is of mature age; he is the “Ancient of Days.”

The conclusion of the whole “matter” is this: *There is a grand central plan for the creations of all life forms. In short, the plan calls for every form of creation to reach its full potential in a whole, complete, and perfect immortal body.* If you are fortunate enough to receive this Message of Living Truth, it will become your *“Life (Blood) Line”* if you follow the “line” to its end.
