

**I WILL “BE” FREE WHEN I REALIZE
AND UNDERSTAND THAT I “AM” FREE!**

I am the Way, I am the Truth, and I am the Life of my existence and my being.

I shall know the Truth and the Truth that I know will make me free.

My words are true; I am Truth.

My words are Spirit; I am Spirit.

My words are Life; I am Life.

I am my words; my words are the voice of my Life.

I am my Spirit and I am my Life.

I am Life and I am alive; the sound of my voice is proof of my Life.

My word (name) is the door to everything; every “name” is my name.

I and my word (door) are one.

The entrance (door) to my word gives light and sound.

In the light and the sound (voice) of my word there is Life.

My words are spirits and they are Life.

I am the Life that is in the words of my mouth.

My words are in me and “I am” in my word.

Within my word is the Fire of Life; my words are Spirit.

I and the Fire are one.

I am the Spirit, the Life, the Fire, and the Truth that my words embody.

I and my words are one Life and one Spirit, one voice, one light, one form, and one name; we are all a manifestation of the Fire (Father).

My words light my “way” and they direct my “path.”

My path is the way that I take.

My way is Spirit.

I am clothed with the righteousness of my words, and my works are true.

My works are as my words are; my words are Spirit and they are Life, therefore all of my “works” are by the Life, the light, and the voice of my words.

My words give light upon my path; there is Life in the light of my words.

My words are a lamp to my feet; they make my way clear and my path straight.

I am free to choose my way and my path; “by my choice of words” I choose my way and my path.

ALL – IS – I – AM.

ALL OF MY “WILL-BE’S” -- “BE NOW.”

I am the voice of the “isness” of my being. “I am” all that now “is” or ever shall be.

There is no time but NOW, therefore THERE IS NO “WILL BE.”

I live and exist in the here and the now, therefore “I BE NOW.”

All that “I am” I NOW am, and all that I NOW am I shall forever “BE.”

There is NO “WILL BE -- Life.”

I am Life, and Life “IS” here now. There is no “there” that is not “here.”

To imply that I “will” “BE” is to say that “I BE not.” If “I BE not,” then who is the “I” that NOW is? If I NOW AM, then how can there “BE” a “Will-BE”?

All of my “WILL-BE” is resident and abides within me NOW -- whether I “BE” there, here, or anywhere.
Wherever I am, all of my “WILL-BE’S” are with me and in me.

All things that exist, move, and have “BEING” are now “BEING,” therefore *there is no past and there is no future*, and there IS NO “WILL-BE.”

All that “IS,” “IS NOW.”

The “ISNESS” of the HERE and NOW is the “ALLNESS” of all things that “BE.”

There is no “will be” or “shall be” of That Which “IS.”

THAT WHICH “IS” -- “IS” -- ALL THAT “IS”!

There IS NOW all that “BE” or ever “shall be.” There is nothing to “come” or be desired that is NOT HERE already (all-ready), and all things that “BE” are NOW -- “ALL” ready to be accessed and used!

The “I” (eye) that now IS -- IS the “door” to everything; I am the door.

The “I” of my name “IS” the door to the ALLNESS OF MY BEING!

The "I" that NOW "IS" -- "IS" the same "I" that was and ever shall "BE"!

I am the "seed" (the word of knowledge); I am the "tree" of my life (wisdom); and I am the "fruit" of all my works. The seed, the tree, and the fruit are all ONE -- and -- I AM THE ONE!

I am the Builder and the Maker of my house.

My light of mind and my own pathway I have made.

I am "WHAT" I am because "I AM" the CAUSE OF MY OWN BEING.

Today I am exceedingly glad for "the Allness and the Isness" of Life, and for being in the "here and now" and forever.

ALL IS – I AM.

Amen.
