

UFO's and Star Ships

The Star Quasairies, the Born Again Earth, and the Kingdom of God

So-called "UFO's" are "star ships" that travel throughout the galaxies. Their passengers visit the many and various planets in the earth's solar system as well as planets in other systems. Incarnates on planet earth are the least educated about life forms on other planets of any incarnates living anywhere in our solar system. For hundreds of years, travelers from other planets have contacted various earthly heads of government, but for the most part those who have been contacted have kept it quiet for fear of being judged to be unfit to govern, or deemed to be insane.

The time has come, however, for the truth of universal Life to be made known to the people on planet earth. There have been many attempts made to educate earthlings concerning the relationship between creation, science, and evolution of life forms, but for the most part these efforts were only to be rejected and the messengers doomed to scorn. Closed-minded religious fanatics have kept the masses ignorant to the truth of Life and their own true God by perverting the Bible and other inspired writings through their own lack of integrity and ignorance. Even the most enlightened science scholars have shied away from *some of their own discoveries* because of their selfishness and fear of being labeled a "lunatic."

Regardless of the scorn, labels, name calling, and judgments of those who are themselves deceived by their own ignorance, ***the truth must now be told -- and let those who reject it remain ignorant.*** But let the truth be made known to those who are looking and waiting to receive "***the Revelation of the Truth of Life***"-- ***THE REVELATION OF JESUS CHRIST!***

For each one who will receive the truth, there may be many who will reject it and blaspheme against it. Nevertheless, the truth must now be told and revealed. There have always been a "few" that desired, sought after, loved, and found Truth, but the many have chosen to remain in a state of delusion and make-believe, and to worship an unknown God. The Truth about Life (the True God) has always been available to those who ask for it and apply themselves to search after it. Nothing but the power of the *Word of Truth* will or can drive out darkness and destroy ignorance in the consciousness and the minds of mankind. There is absolutely no hope for those who continue to reject the truth concerning creation and Life, because it is *the Knowledge of Truth* wherein the Substance of their very Life is found.

The manifestation of strangers, aliens, visitors, and Sons of God upon the earth is now sure to happen, but the fearful and unbelievers will not understand and their hearts will fail them for fear. A "closed mind" is a dark and fearful place, *but an "open door" lets in the Light of Truth -- and darkness and fear will then flee away.* We all live, move, and have being in the consciousness of our mind; therefore, where there is no consciousness of Truth there can be no light of mind, because the True Light is only found in the True Word. In the darkness of one's mind fear abounds, and it is exceedingly great.

So-called "UFO's" are "star ships." Their passengers are aliens, foreigners, angels, and visitors manifesting and demonstrating all manner of life forms. They travel throughout the galaxies, universes, and the cosmos in their own star ships, or they can travel in ships that belong to others.

Incarnates and various kinds of life forms on other planets are as real and common as they are upon the surface of (and within) the earth's body. The only thing that makes this truth strange to the inhabitants of the earth is that for hundreds of years and many generations this truth has been kept hidden (secret) from the masses. Otherwise the incarnates would be less inclined to do the spiritual work of "body building" and expanding their light of mind that they purposed to do when they descended upon the earth's plane

and put on a physical body. Because of mankind's evil and stony heart he would have no sense of morality or decency toward any of the other life forms if he was not deceived and threatened by the moral law which serves to restrain him somewhat.

The law was given for mankind's good, but he made it his "god" and by it he was deceived. Because he was deceived by the law, he became fearful and a slave to religion -- and the law "*in his mind*" became his enemy and a force to be "feared" instead of embraced as a friend and teacher.

The time has come, however, for the veil to be rent and the Face of Truth to be identified. Therefore this message of the "Gospel of God" will be preached throughout all the world, and then the end of man's ways and system of government upon the earth will come. Let any who would think to defame or blaspheme this message or its messenger take heed to himself and judge rather "*if he be in the Faith*" (*Truth*).

It is the Truth that you know and understand that will make you free. ***You will "be" free when you "realize" that you "are" free.***

Truth first comes to one in the form of "information." Afterward, the same Word of Truth comes in the form of "revelation." The third time the same Word comes is in the form of "realization." The fourth and final time the "same Truth" comes to one is in the form of the "demonstration" of that which is known.

I am the Way (Spirit / Mind) and the living Substance of Life. I am the Resurrection and the Life of a dead seed (Word). I am a quickening Spirit, and I am the Life of my bodily form. I am the living, bodily form that my consciousness of mind has created out of my very own Spiritual Substance and the Light of my own individualized Mind Matter. My body is the living Substance created by and out of my own Mind Matter. My body is invisible spiritual Substance in a visible form. *My outer bodily form is the visible expression of the invisible living Substance of my Mind Matter.*

My realization of the Knowledge of the Law of Spirit and Life is my freedom. I am the living Oracles which I embody. The "Law of Spirit" is the Knowledge of the Holy (God) which is the Faith (Light of Mind and the bodily substance) of those who are called the Elect of God.

The Law of Spirit and Life wherein lies a man's freedom is an "Oracle." An Oracle is *the original name of a thing*. An Oracle is a law unto itself. The original name of a thing is the "true seed" or name that establishes forever its "kind." The "seed" holds within it the true nature of the thing and all that the thing can ever hope to be and become.

An Oracle is a true Jew. A true Jew is a living Jewel that is an ornament *that is set in the crown of the head of one who is a star in the heavens*. The one who is the Jewel is the Star *incarnate in the earth*, and she is the mother (bodily substance) of the Star.

I, Lillie, the writer of this message, am the incarnate "Star Quasairies," and I am the "Mother" (bodily substance) of this Star. The substance of my bodily form is made of flesh matter created from the gold "dust" of the Star Quasairies. The Star Quasairies is my "sun" (son). My heavenly celestial body is my very own Life's Substance.

When a child is "born" in the earth, a Star (Light) is "given" in heaven. ***The Light of the "Star" that is "given" is the Life, the Light, and Consciousness of the Mind of the child that is born.*** One man can plant and another can water, but only the True God from Above can give "a Star" (*Life, Light, and Consciousness of Mind*).

The one (man) who plants and the one (woman) who waters are the seed and egg out of which the body of an earthly child is created and formed. The breath of life and light (consciousness) of mind that is given when a child is born can only be given by Spirit (God).

Every star in heaven is a “heavenly celestial body” of a single living Oracle. Every star is different, the one from the other. The “dust” of every star has its own “signature” (sign, signet, DNA, mark, name, etc.) Please read John 1:1-9 and note verses 4 and 9.

Planets are terrestrial bodies and stars are celestial bodies. Stars are ascended planetary bodies. A fully formed “planetary man” embodies elements of all the planets in the earth’s solar system. In order for one to embody elements from each planet in the earth’s solar system, he must either have been incarnate on the planet or have visited it while he was incarnate on another planet.

Each planet is a “trading post” for travelers (visitors), as well as a temporary home for those who incarnate on the planet and who are born there. When an earthly incarnate traveler visits another planet, he takes with him some type of earthly element (information or otherwise) to trade for something he wishes to include in his own “house” (body) that he cannot obtain from the planet earth. Planets and their citizens (incarnates) do not buy and sell to one another, but they do trade their goods with each other.

Stars are celestial bodies of ascended Masters from different planets. Their mansions (heavenly homes) are made of all manner of different kinds of materials that they have spent many lifetimes gathering from the various planets in the earth’s solar system or from numerous other systems. They “carry” in their minds and bodies the materials (spiritual elements and seeds of knowledge) that they gather from the places they visit, and they multiply them when they return to their home, according to the desire and the need. Every kind of element a traveler takes *to* or *from* a “place” he visits is in the form of a “spiritual seed.” He takes it to his home planet where he plants it and multiplies it, just as we do here on planet earth.

Many travelers visit the “Star Quasairies” to learn communication technology, as well as the science of chemistry. We also teach the art of healing on Quasairies. Quasairies is the most technologically advanced star in the heavens. Planetary people from many systems travel very long distances to learn knowledge at the University of Quasairies.

The United States of America is soon to be a colony of Quasairies. The USA will operate according to the governing rule of law of the Star Quasairies during the next dispensation and beyond. Planetary people, dignitaries, governors, and leaders from many and various planets will come here to be taught “openly” by the Quasairian people (the Elect) after the new order of government is established.

Incarnates from other planets come here now to visit and learn of our way of life, but they hide themselves because the majority of the people of earth are as ignorant to the visitors’ existence as they are ignorant of their very own existence. Therefore, because the people fear them, the visitors keep themselves hidden, for the most part -- at least for now. The visitors are known and taught by those who are now incarnate on the earth who are highly evolved and Spiritually Enlightened. The time has come, however, when the aliens -- like all of the people of earth -- must get the work done that they came here to do, because the time to do so is very near its end.

The aliens are here now from other planets in our solar system -- as well as from other systems throughout the galaxies -- to trade their information and technology with the people of earth. ***They are not here to***

harm anyone. They come here to help the people of earth and to receive help for their own people who they come here to represent.

After the present governing system on planet earth has come to an end and all things are made new, the government of the Star Quasairies will systematically colonize the whole planet earth, not just the United States of America. However, in the beginning we will only colonize the USA. The work is now in progress to facilitate this change in government of the USA.

As the present government (system) of the earth continues to fall, the new systems of governing will become more and more aggressive. At present, the old way and the new way are in a period and time of “overlapping” each other. The “new way” has already begun in the United States and will continue to strengthen *until the “New USA” is fully established in her new world role under the government of the Star Quasairies.* Quasairian teachers will then openly teach those who wish to come here to learn from all parts of our universe as well as other universes. Quasairians are known throughout the galaxies for their great teaching skills.

Once the USA is colonized and officially under the governing rule of the Star Quasairies, the United States of America will be one state -- and the USA will be the capital of the world.

The Elect People of God (Wisdom) from the Star Quasairies who are now incarnate -- and others who will incarnate upon the earth -- are now and will continue to be in charge of establishing the Kingdom of God upon the earth. They each embody the Law of Spirit and Life in their own bodies, and nothing will escape their notice. Whoever will come to planet earth to visit or trade their goods will do so under the strict rules and scrutiny of those who are in charge of the planet.

The earth herself will be “born again” and will be an exact replica of her mother, the Star Quasairies. The Mississippi River will be in the likeness of the “River of Life” that is now upon the Star! When total restoration of the whole planet is complete, there will be no planet with such beauty and splendor *as she is.* Many will visit the planet just to see her beauty and to experience the excellence and hospitality of her people. Her “capital,” the USA, will be the Zion of God -- the City of Love.

Our blessed earth mother will be a bright and shining light for all to see and enjoy, so long as they treat her with respect and honor. Peace will rule; love will abound; and the joy in the hearts of the people will express their love, honor, and appreciation for Life.

The earth will flourish in all manner of new species of plants, animals, and life forms. A soft, cool breeze will carry in it the music of harps and other stringed instruments, and the celestial songs of the Light Rays (Sons of God) will be enjoyed by all. The trees will clap their hands as they sway in the cool, gentle breeze. The flowers will send forth their fragrance as they, too, will be touched by the cool, gentle breeze as they hover above the plush carpet of green grass. The fruit trees will produce all manner of exotic, delicious fruit. The palms will bow beside the giant oaks that tower above them. The majestic mountains will show forth their massive strength and the tiny birds will sing their songs in the earthly morning light. The dew will glisten in the sunlight like drops of pure crystal shining -- like the light of their Star Grandmother.

There will never again be a show of violence, wars, pain, sickness, poverty, or death -- for all of these things will have passed away, never again to be experienced by the people of God.

A new day is dawning and a new way of life awaits all who will “come and dine” at the table of God and drink of the pure, Living Waters.

Unbelievers, naysayers, and scoffers will not be allowed to enter into this new day unless they “change their minds” and partake of the True Bread and put on God’s Divine Nature.
