

Life is God's Wife

Nothing about Life and its nature is complicated. Life is very simple, and Life simply desires to express herself in excellence and beauty. It really doesn't matter on what dimension or what plane or in what kind of form Life expresses and manifests her Presence; her "way" is always peaceful and simple.

There is no limit to where and to what degree that Life will extend herself and share her secrets with those who love her. Life simply loves to live and be loved. Life is a friend to all who will accept her and allow her friendship. Life provides her friends with Consciousness of Mind by which to know, experience, and enjoy her as she takes pleasure in the pleasure of her friends.

Life serves pleasant food to all who will partake at her table. The expression of Life in *Consciousness of Mind* is the highest form in which Life can experience herself as she is. She is exceedingly joyous to know and experience herself in the light and the consciousness of the mind of her friends (life forms). Health, peace, joy, and beauty are her specialties -- and ***love of Self is her nature***. She is the Queen of eternity, and all things are hers. It is her exceeding joy and eternal pleasure to share the all-ness of herself with all who love her.

Acknowledge her in all things and she will be an eternal friend and lover. ***The more of her you give to others, the more of her you will keep for yourself.***

God and Life are "ONE." To have and to know one is to have and know the other. ***To have and to know the "ONE" is to "BE" the "ONE" that you know, and to "KNOW THYSELF"!***

A dead man is unconscious -- therefore God is not the God of the dead, but of the living. In order for one to be eternally conscious of Life and of the living one must know one's Self as being the thing he is conscious of -- and ***as being the One Life that is conscious of itself***. Nothing can compare to the Mind that knows itself as the Light, the Life, and the Mind that is Conscious.

Life expressing herself as Consciousness -- projected in form -- is all there is or will ever be of the earthly kind of life form. All temporal life forms are "*mind projections*," and they are always in a state of change. As the consciousness of mind changes, so does the form that the mind is projecting change. Once the form is perfect as the Mind is perfect (that is projecting the form), the form will then BE the Mind -- and then the form and the Mind are the ONE BODY of the Life Force. The Mind, Light, Life, and the Consciousness of Mind are then ***ONE BODILY FORM*** composed of eternal Spiritual Substance. The body (form) is no longer an image or "projection" (an out-picturing) of the Mind (Consciousness), but rather they are eternally and internally ONE. ***When the Mind (Spirit) and the body (Truth) swallow each other up -- literally -- Life has won the long, arduous battle.*** This is what "LIFE" is all about on every dimension and on every plane -- everywhere, all the time.

I am a bodily form of Truth -- Spiritual Substance. In me dwells the Spirit and the Life of the Truth that I am. I am conscious and alive in the Spirit of my Mind and in the Truth that I am.

Choose Life and Life will choose you. Without Life, God (the Word / Seed) would not be able to manifest in any kind of form. Without God (good), Life would have no friend by which to know herself. Are you her friend, *a living body of Spiritual Substance*, or are you her enemy (energy only) -- a mere mind projection with no Substance? ***WITHOUT SUBSTANCE (A LIVING BODY), YOU CANNOT PLEASE GOD. THEREFORE LIFE CAN TAKE NO PLEASURE IN YOU – OR YOU IN HER!***
